

## MEXICO READY FOR CLEAN-UP.

Graft Must Cease, Says Gonzales.

No More Exploitation, Either by Americans or Other Foreigners.

Monopolies no Longer to Find Glad Hand Extended by Corrupt Officials.

Every Legitimate Interest to Get Government Welcome Freely Extended.

(ASSOCIATED PRESS NIGHT REPORT.)  
MEXICO, June 15.—Reforms immediately affecting millions of dollars worth of American property in Mexico were announced today. Gov. Abraham Gonzalez declared that under the new regime foreign monopolies now existing in Chihuahua, one of the richest states in minerals and timber, which is practically controlled by Americans, British and German interests. The Americans are the largest holders.

All Americans who grieved at the downfall of the old regime administration will find that their grief was well founded," said Gov. Gonzalez. "We do not intend to take away the rights of any foreigner who legally holds them, but we realize that under the old regime the granting of concessions with their ruinous payments of large sums of money by Mexican politicians was a virtual selling out of Mexico.

EXPLOITATION TO CEASE.  
For years Mexico has been exploited by foreigners until the great body of the people have nothing. We were on the verge of becoming a nation of paupers. Now all special privileges shall cease if we can accomplish it.

"We hope to maintain the friendship relations with Americans, and we shall invite all foreign capital to come in, but there will be no more selling out of the country by piece-meal. We will invite competition, no monopoly. If American capital wishes to come here, it must be prepared to compete with Mexican capital. No exclusive privileges will be given foreigners.

"What is known as the company state in towns where large numbers of people are employed will be abolished. This will mean that working people will have the benefit of buying from whom they please and not at the store. Of course, we do not intend to question the right of concessions legally held, but we shall refuse to encourage or extend unjust ones.

"Undoubtedly the foreigners, including Americans, who profited so greatly under the old regime, will be hard hit by the new era, but the determination to uphold Mexico and to improve the conditions of her poverty-stricken people will, I am sure, receive the hearty support of the great body of the people of the United States.

Gov. Gonzalez stated that beginning today the export duty on cattle shipped into the United States would be removed. It also has been decided upon by the government to allow Gen. Orozco to bring his insurance army into the city with their arms. The city, while the insurance are here, will be protected by a commission of public order with which the federal troops will have nothing to do.

## TWO AMERICANS ARE KILLED AT ALAMO, MEX.

(ASSOCIATED PRESS NIGHT REPORT.)  
WASHINGTON, June 15.—Two Americans, Dr. Foster and Patrick Gleason, have been killed in Alamo.

## Eleventh Annual Scholarship Contest.

Students Are Now Being Enrolled in The Times Scholarship Contest Which Will Begin Monday, June 26.

The same rules will govern this as are now in force in The Times Greater Contest, and the same schedule of points will apply.

Fill out the nomination certificate below and send to the Scholarship Editor of The Times at once.

Only One Nomination will be Counted.

NOMINATION CERTIFICATE.

Good for 1000 POINTS.

LOS ANGELES TIMES ELEVENTH ANNUAL Scholarship Contest.

Knowing the student whose name I give to be of good character, and desiring to enter this contest, I propose his name for enrollment:

Name of party making nomination: \_\_\_\_\_

Name of proposed contestant: \_\_\_\_\_

City: \_\_\_\_\_ State: \_\_\_\_\_

Fill out at once and bring or send to The Times.

GOOD FOR ONE POINT.

LOS ANGELES TIMES ELEVENTH ANNUAL Scholarship Contest.

When presented by a regular contestant before June 30, 1931.

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Fill in clean and send in flat packages, right side up.

Abraham Gonzalez, new Governor of Chihuahua, who predicts new era dawning for Mexico.

Mex. and Mr. Sawdai, the American Vice-Consul at Ensenada, in reporting the fact to the State Department adds that there is dangerous turbulence at Ensenada.

The Vice-Consul says the Mexicans causing the trouble were to a great extent recruited in the United States, some being reported to be naturalized American citizens. The State Department has reminded the Mexican government that some time ago it gave permission for Mexican troops to cross American territory with a view to the restoration of peace and order in Lower California, and that it is now depending on Mexico to make these troops obedient.

MINE DISASTER.  
GOLDFIELD (Nev.) June 15.—Joe Busto of Butte, Mont., was killed, and Walter Bard, Robert Peterson and C. Gasparovich were badly hurt in an explosion in the Nevada tunnel of the Pittsburgh Silver Peak mine at Blair today. A machine drill which was being operated struck a charge of powder placed for a previous blast and which had failed to explode.

## OBITUARY.

Prof. Hiram Corson.

ITHACA (N. Y.) June 15.—(Exclusive Dispatch.) Cornell University mourns today the death of Hiram Corson, emeritus professor of English literature, writer, poet and known on both sides of the Atlantic as the friend and interpreter of Browning and an authority on Shakespeare. Prof. Corson died at noon after an illness of several months. He was one of the distinguished group of men which allied themselves with Cornell University at the time of its founding. Prof. Corson's home was a treasure trove of old books and pictures, one of his most cherished possessions being a facsimile copy of the Old Yellow Book, from which Browning got his material for "The Ring and the Book." He founded the Corson prize and the Corson traveling prize. The literary world was large. Prof. Corson's international fame as a poet, a critic, an American interpreter of Shakespeare and Browning. He devoted a great share of his time toward fostering an appreciation of Browning.

## PHI GAMMA AT DINNER.

Fraternity Men Make Merry at a Feast Held in the University Club.

Members of the Phi Gamma Delta Fraternity, formed an organization last night and celebrated the first meeting with a dinner in the grill-room of the University Club. Dr. P. Kauff is chairman of the Executive Committee, by which the new organization will be temporarily governed.

Those invited to the affair were: Dr. F. E. Brown, S. S. Hinds, E. B. Robinson, J. A. H. Scherer, F. C. Fairbanks, C. W. Hollister, S. P. Mulford, J. K. Hawk, L. P. Kauff, C. P. Morgan, L. A. Handley, B. T. Stevenson, Ralph P. Sage, A. E. Sherry, Harry McQuate, Forrest Smithson, Thomas Chapman, O. T. Johnson, Jr., J. E. Marble, Asya Crabbie, Darwin C. Crabbie, Frank Sard, Rev. Herbert M. Kaskell, R. F. McLaren, J. G. Goodhue and C. S. Young.

The University of Goettingen, Germany, has conferred the honorary degree of doctor of philosophy on Dr. Albert A. Michelson, head of the department of physics at the University of Chicago and exchange professor at Goettingen.

## DECISION RENDERED IN CHAMIZAL ZONE.

Mexico Given Part of Lands Long in Dispute.

Ownership of Other Part Is Vested in El Paso.

Neither Side Pleased at the Finding of Board.

(ASSOCIATED PRESS NIGHT REPORT.)

EL PASO (Tex.) June 15.—The International Boundary Commission, consisting of Gen. Anson Mills, American Commissioner; Senor Puga, Mexican Commissioner, and Hon. Eugene La Fleur of Montreal, Canada, presiding commissioner, handed down its decision today in the Chamizal arbitration.

The question submitted to the commission was as to the international title of the Chamizal tract, a body of land lying between the present channel of the Rio Grande and the obliterated and abandoned channel of the river as surveyed by the Boundary Commission in 1852.

The tract is and always has been physically and geographically a part of the city of El Paso. About 4000 of the 9,000 inhabitants of El Paso live upon the tract.

## ATTEMPTED DIVISION.

The net result of the opinions of the three commissioners, who agreed only at certain points of opinion, is an attempted division of the tract between the United States and Mexico. The division is a line in the channel of the river as it ran in 1854, a line which the commission does not intend to relocate and which is impossible for relocation.

The decision marks a notable departure. It is the first attempt so far as is known in the history of jurisprudence to divide an accretion of land upon the theory that accretion would change the boundary line and that rapid erosion would not. The American commissioner, in which he takes the ground that the commission is to divide the tract in attempting to divide the tract.

In concluding his opinion, he says that the award "breathed the spirit of unconscious but nevertheless unauthoritative compromise rather than a judicial determination."

The Mexican commissioner also filed a protest against the decision. The agent of the United States filed on his own motion and subject to the commission's decision from the terms of the submission that the award was uncertain and impossible of application. The president of the commission on the other hand, failed to state his reasons as required by the convention submitting error of law and fact.

## STAR "CO-ED" QUEERS GAME.

BOSTON (Mass.) June 15.—Largely because her conduct in the game was so queer, the star of the girls' basketball team today, there will be no game for the girls of Milton high school. The remarkable performance attracted much attention. The girls' basketball team, who, it became known on Monday, have taken a large club to the sport.

## EX-PRESIDENT CASTRO ON HIGH SEAS.

ON STEAMER DECLARED PIRATE CRAFT.

Germany Officially Notifies Washington That Vessel Supposed to Harbor Ex-Venezuelan Has No Right to Fly German Flag—Craft Now Without a Country Reaches Haytian Port and Denies Exile's Presence.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, June 15.—It is right to fly the German flag for many repudiated today by the German government, the steamer Conz, now in Haytian waters, was declared a pirate craft by the German government. The steamer was supposed to have been domiciled, was today regarded as an international pirate under the construction of the Navy Department. The government's notice of the German repudiation in a cablegram from the American embassy in Berlin.

## REPUTED IN GERMANY.

(ASSOCIATED PRESS NIGHT REPORT.)  
HAMBURG, June 15.—The German government repudiates the steamer Conz, which is reported flying the German flag, and announces that the blame for the piracy of the steamer lies with the German government. The steamer was reported to have been domiciled, was today regarded as an international pirate under the construction of the Navy Department. The government's notice of the German repudiation in a cablegram from the American embassy in Berlin.

It is stated emphatically that the steamer has no right to display the German colors. It was formerly the Italian cruiser Umbria, and was purchased from Italy by Hayti, which latter country is the one now properly concerned with the movement of the vessel.

American Ambassador Hill called at the Foreign Office today, presumably to discuss the situation brought about by the reported piracy of the steamer Conz. The steamer was reported to have been domiciled, was today regarded as an international pirate under the construction of the Navy Department. The government's notice of the German repudiation in a cablegram from the American embassy in Berlin.

## BOY BANDIT SURROUNDED.

(Continued from First Page.)

after dusk and surrounded him. Escape is believed to be impossible. Fishermen and deputies are carefully guarding the water for fear the youth may attempt to swim. He is only 21 years old, has light hair, is dressed in college fashion and is said to be fair looking. An impediment in his speech, a big cravat pin he liked to display, and his attachment for a garter make which he always carried in his pocket were especially noticeable.

His boyishness rendered him above suspicion by his intended victims. His habit was to ride into town, select a saloon, spend money lavishly, become friendly with the bartender and then return at counting up time with a mask and pistol and take the day's receipts and whatever valuables customers might have.

## PLEDGING HARD FOR THIS PAIR.

AGED SCION OF RICH FAMILY LIVING IN POVERTY.

Offended St. Louis Relative by Marriage to Sinner in Moving Picture Show and Allowance Is Cut. Will Go Into Court Seeking Additional Money.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS (Mo.) June 15.—(Exclusive Dispatch.) Leon J. Chene, 48 years old, member of an old and wealthy St. Louis family, and his wife, aged 20, have lived for eight months on an income of \$25 a month, of which they have had to pay as the rent of their tiny dwelling.

Their present condition of penury was revealed today by preparations for legal action by which it is hoped to restore an additional \$20 a month to their income, which was reduced last October.

Mr. Robert S. Barnes, Chene's attorney, who is the wife of the philanthropist, whose name the \$20,000 Barnes Hospital will perpetuate. Chene's mother, Mrs. Julie De Mun, was one of the four heirs to the De Mun estate, and left property valued at \$100,000.

Chene's second marriage, which followed his divorce twelve years ago, completed his estrangement from his wealthy relatives. None of them has visited the family since the divorce. Chene's mother, Mrs. De Mun, lives, and the wife says she does not know any of the men of the family, not even by sight.

She says she married Chene when he was a boarder in her mother's home, and assisted him by singing in moving picture shows. Sickness at the time of the marriage, and Chene's failure to give up this means of livelihood, led to the present situation.

Chene's mother died in 1927. She had not approved of his conduct, and his associates, and while she was alive, she provided only the \$25 a month income for her son. She had considered that her sister had not provided sufficiently for her son, and she had decided to provide for him. She had inherited one-ninth of the estate, and it was held up later by power of attorney, and it is this that Chene hopes to have revoked.

## Selling the Main.

Other witnesses subpoenaed to appear next week before the Trust Investigating Committee of the House include Alfred Harrison and Charles K. Harrison of the Franklin Sugar Refining Company, Philadelphia; Horace Havemeyer, New York; Charles B. Warren, Detroit; Chester S. Moren, Denver; John T. Harper, Cleveland; Thomas B. Cutler, Salt Lake City; John D. Spreckels and Adolph Spreckels, San Francisco.

## LAWYER DEFIES GRAND JURY.

Refuses to Testify in Perjury Investigation Aimed at Fellow-Attorney in Reno Divorce Mill.

(BY DIRECT WIRE TO THE TIMES.)

RENO, June 15.—(Exclusive Dispatch.) Attorney Frank Mayers flatly refused today to testify before the grand jury regarding the charge of perjury made by Mrs. Corinne Bell Derby in her first trial for divorce, that resulted in a charge of subornation of perjury against W. H. Schaffner, the divorced attorney.

Mayers was the legal representative of Mrs. Bell, now Mrs. Derby, and it is understood that he will not testify. He based his refusal on the point of betraying professional confidence.

It is also understood that Mrs. Derby will not come to Reno from her home at Natomas, Cal., unless granted immunity and having all expenses paid. She has informed the grand jury that she is willing to give testimony, but will not produce evidence that will tend to convict herself.

## DOMESTIC FUED CARRIED FAR.

San Francisco Man Removes Body of Child From Grave in Which Interred By Mother.

(ASSOCIATED PRESS NIGHT REPORT.)  
SAN FRANCISCO, June 15.—A domestic feud, carried to the grave, was brought to light today by Superior Judge Graham on investigating the theft of a body from the Holy Cross cemetery.

Mrs. Blanche Gallagher, who has for three years been separated from her husband, an iron worker, reported to the judge that she had made away with the body of their child. Investigation showed that the husband, James Gallagher, removed the coffin to a resting place of his own mother.

The judge promised to do what he could toward restoring the body to its first resting place.

Mrs. Gallagher was seen today by Judge Graham after the night before.

## BOMB WRECKS CATHEDRAL.

VALENCIA (Spain) June 15.—The great entrance of the cathedral here was shattered by a bomb exploded in the Plaza in front today. So violent was the shock that several neighboring buildings were damaged. No one was injured.

## SUGAR TRUST INQUIRY.

(Continued from First Page.)

worth of it is in the Havemeyer family.

"Do you know whether any money or other valuable consideration was ever paid by Mr. Havemeyer or members of his family for the issuing of this stock?"

"I do not know anything about that."

He agreed that the \$10,000,000 might have been promoters' profits. The discussion of the issuance of the famous \$10,000,000 common stock, asked about the issuance of the \$50,000,000 of stock by the American Sugar Refining Company, of which it had been said only \$22,000,000 had been used in the purchase of plants.

"Have you any knowledge of what became of the \$28,000,000 not so used?" inquired Mr. Malby.

"None whatever."

The witness testified that he believed the stock had been watered, but how much he was not willing to estimate.

## BEST SUGAR INDUSTRY.

Another section of the examination related to the best sugar industry. Mr. Palmer was a member of the American Sugar Company Committee appointed to investigate beet sugar refineries.

"Mr. Willett, representing a trade paper, made a trip through the West," explained Mr. Palmer, "and when he came back he told me that the beet sugar refineries were making sugar at less than we had thought they could. I had him go the next day to talk with Havemeyer. The result was the appointment of a committee to buy."

Mr. Palmer added that Mr. Willett was sent out to round up the best sugar people. Mr. Cutler came from Utah and as a result of the round-up the first purchase was made.

"It was a big question in those days," added Mr. Palmer, "whether we could get the beets grown and I was in favor of purchasing from the Mormons first, because I thought the Mormons could control their people."

"Oh, there has been a statement that there was an alliance between the American Sugar Refining Company and the Mormon Church," said Judge Madison. "Tell us about that."

Went up the hill to something in the Mormon Church."

## MORE "DON'T KNOW."

"I don't know. We dealt with Mr. Cutler and he was a very nice man. We will believe that. Wasn't Joseph Smith, the head of the Mormon church, consulted?"

"No; not that I know of. We dealt with Cutler."

The witnesses told of purchases in Colorado, Michigan and California, admitting that the refineries purchased were at times competing with the American, but said that he went out of the company before the consolidation of the beet sugar refineries took place.

Representative Fordney asked Mr. Palmer if the beet sugar industry could survive without a protective tariff.

"It would be pretty close sailing," was the reply.

Charles R. Heike, for years secretary of the American Sugar Refining Company, was called to the witness stand. His concluding testimony stirred up a discussion of tariff policies.

"I believe that each country should produce what it can produce cheapest," said Mr. Heike. "I am a free trader."

San Franciscans Capture the Bulk of Other Offices.

Native Daughters Up Late but Reconvene Early.

ENOUGH'S ENOUGH.

NO MORE PILLS FOR MRS. LOVE.

WILL QUIT CIGARETTES AFTER SO MUCH FUSING.

Wife of Banker Blames Husband for Encouraging Her to Smoke.

Says She Could Love Him Yet If He'd Be Old-Time Lover--Goes on Stand in Oregon Divorce Case.

(BY DIRECT WIRE TO THE TIMES.)

BAKER (Or.) June 15.—[Exclusive Dispatch.] "I have about decided to smoke no more cigarettes after all the fuss that has been made about it," declared Marjorie Burnes Love, when cross-examined today with reference to the charges that have been made by Sidney C. Love on this point in the hearing before the referee of his action for divorce.

Mrs. Love admitted that she had smoked cigarettes both before and after marriage, and gave the lie to Love's statement that he had known nothing of this habit after his marriage to her.

She declared that she had asked him for a cigarette during their engagement and that he had given her one, and that he had encouraged her to smoke, and had never rebuked her smoking, even offering her cigarettes in places where she thought it best not to smoke, saying that if a woman's husband had no objection it was nobody's business. She denied that she was an inveterate smoker.

Self-possessed and cool, Mrs. Love made a good witness for herself. At times she smiled at plaintiff's counsel, attorney, when the cross-examination was unusually heavy, and at her own opening she leaned forward tensely, but nervous, and kept her testimony unshaken.

"Sidney drank too much after our marriage," said Mrs. Love. "And he treated me cruelly. I could love him still were he as he was before our wedding."

The first inkling she had of his alleged unfaithfulness, she said, was shortly after the separation at Rowland, when she received a letter from a former nurse, who was telling her of Love's misconduct with other women.

She denied emphatically that she had ever chosen to attempt to choke her husband, as he alleged.

LATE MORNING PARTIES.

She told about Love entertaining parties at home every evening while she was ill at Newport, that they stayed until in the small hours in the morning, and that she sleep was disturbed.

Telling of Love's business failure, Mrs. Love said she had given him \$10,000 of her own money to help him pay his debts.

"My mother took myself and our child to England to live as her guests in order to help Sydney out," testified Mrs. Love.

"Afterward he reproached me for what he said was my failure to help him in his trouble."

STATE BANKERS IN SESSION.

Annual Gathering at Tahoe City Proves Successful--Los Angeles Man Reads Interesting Paper.

(ASSOCIATED PRESS NIGHT REPORT.)

TAHOE CITY (Cal.) June 15.—At the opening session of the California Bankers' Convention today telegraphic greetings were received and read from the Nevada Bankers' Association, from Col. Fred E. Farnsworth, secretary of the American Bankers' Association, and from Charles A. Schulz of New York, a past president of the association. The registration is unusually heavy, and according to financiers from all parts of California, a number of eastern bankers are in attendance.

The report of President William H. High indicated favorable conditions with regard to financial conditions in the State and showed the association approved of recent amendments to the banking laws.

R. M. Welch, who has been secretary of the association for seventeen years, made known his intention of giving up the office and was presented with a badge by Past President H. S. Fletcher.

The reports of the executive council, secretary and treasurer were unusually interesting because of the number of activities in which the organization has interested itself during the year. The Legislative Committee gave full details of work undertaken and accomplished, while the constitution and bylaws were amended in accordance with recommendations of a special committee.

**BIG CORPORATIONS  
CHASE THE NICKEL****Ask Employees to Save Pennies on Expense Account.****Rock Island Tells Men Ways  
of Economizing.****Striving Hard for New Era  
in Road Management.**

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Mo., June 15.—(Exclusive Dispatch.) The new economic era has set in to a great extent in the management of great railroad companies as a result of the nickel-every-day plan that is being urged on employees. In brief, the plan is for every employee to make an effort to effect a saving even if it is only a nickel each day of the year. In the letters sent out by higher officials of the roads, the importance of small economies as well as large ones is being urged constantly.

The following appeal has been sent to the Rock Island employees: "You are one of about 50,000 employees on the Rock Island lines. Can you save 5 cents a day for the company? That is only \$1.50 a month. A few spikes, bolts, etc., saved, or not replacing material until full use has been obtained, will turn the trick for track men. Train and yard crews watching every move and not wasting time will save a few less shovelfuls of coal and make a better shoveling."

Station and telegraph employees, by being prompt on the wire and by careful handling of freight, will save delay to trains and reduce claims. "Office men can reduce unnecessary wires and correspondence, saving stationery and postage. Shop men have many ways of saving time and materials. Every one can help and some can help others."

A saving by each employee spells prosperity for the more men and pays better wages than hard times."

**VOTES "WET" BUT GOES "DRY."**

Citizens of Indiana Town Remonstrated Against Passage of Saloon After Legalizing Them.

(BY DIRECT WIRE TO THE TIMES.)

MUNCIE, Ind., June 15.—(Exclusive Dispatch.) This city, the largest in Indiana to vote "wet," will go "dry" by remonstrance. The committee declared the Second and Sixth wards "dry" today. The other four wards in Muncie were declared "dry" about a week ago, but it was thought the validity of the remonstrances in the two wards where the majorities were very small, would be threatened before the board.

Muncie voted "wet" by a majority of 502 at the election held in May, but the larger majority was shown by the "drys" on their remonstrances, which were filed a month later.

Born Out of Wedlock.****Collapses After Facing Wife  
of Man She Led Astray.****Sensational Incident in Trial  
of Cooke, Embesler.**

(ASSOCIATED PRESS NIGHT REPORT.)

CINCINNATI, O., June 15.—Mrs. Jeanette Stewart Cooke, 34, a social capital tonight, attempting to recover from the ordeal of her examination today in the trial of Edgar S. Cooke, accused of embezzlement of \$24,000 from the Big Four Railroad.

Forced to bare her past to the minutest detail and to confess her sins in the hearing of Mrs. Cooke, the woman who helped lead Cooke, Embesler and others in the Big Four scandal, collapsed utterly when, clasp her 6-year-old daughter in her arms, she was forced to admit that the child was born out of wedlock.

"This has brought on a relapse that may prove fatal to Mrs. Cooke," said her physician, as he prepared his notes for the return to the hospital where she has been for practically a year.

WILL SPARE WOMAN. In order to spare her further suffering, attorneys for the state and defense agreed as to the admission of certain letters and telegrams which Mrs. Cooke had exchanged with Cooke, and then announced that her cross-examination and re-direct questioning was over.

The afternoon session was full of sentiment and dramatic situations, but the afternoon was given over to dry testimony from the railroad employees as to the methods used in disposing of old account books and records of the Big Four. The prosecution presented evidence in the order to establish its claim that search had failed to reveal the books which Cooke had hidden away for five years.

Establishment of the fact that the books had been destroyed in the ordinary course of business would justify the state use of secondary evidence to prove the charge against Cooke, it is said.

DEFENSE PLEDES POINT. The defense asserted that during this testimony when James Costello, testifying that he had put the cash books from 1901 to 1904 in the safe of the Big Four, said that he had taken place about two and a half years ago.

Warner swore on Tuesday that he had not seen the books for five years. When an employee of the auditing department of the road was not allowed to answer questions as to the amount of Warner's shortage, the state decided to introduce twenty-five account books which it asserted, will show how much money Warner took from the Big Four.

There will be offered in evidence tomorrow.

## Cities and Towns of Los Angeles County

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## ICE CONSUMERS NOT ALL PLEASED.

Rate Discrimination Is Not Satisfactory to All.

Old Contracts Made by Old Company Responsible.

High School Students Present a Splendid Show.

Office of the Times, 25 S. Raymond avenue.

PASADENA, June 15.—There is

war in the ranks of the domestic ice

consumers of this city. It is all be-

cause it is alleged by some of those

who are paying 40 cents a hundred

pounds for their crystalized coolness

while others are compelled to pay 50

cents, or do without.

It is said the ice company has ad-

mitted that such conditions do exist

in a few instances—but not many.

This discrimination is caused by the

fact that when the Pasadena Ice Com-

pany is alleged to have taken over the

business of the National Ice Com-

pany, a couple of months ago, the

former company found that the lat-

ter company had made a number of

three-year contracts, when it entered

the local field a year ago, agreeing to

supply ice at 40 cents a hundred,

which contracts had to be honored by

the absorbing company.

At the time of the alleged con-

solidation, which occurred on the long

hot day of this season, the Pasadena

Ice Company immediately informed

its customers, and all other consumers

of ice, excepting the holders of the

three-year contracts, that the prices

would immediately be raised from 40

to 50 cents. Since that time the lat-

ter rates have been maintained ex-

cepting, it is said, in such cases where

the old contracts existed.

When the National Ice Company of

San Francisco, which has branch

plants in a number of cities in south-

ern California, entered the local field,

the first thing it did was to cut prices

10 cents a hundred. To guarantee that

such prices would be maintained, it

made three-year contracts, and did a

lively business. This company con-

tinued its business during the winter

season when but little ice was con-

sumed, and just as the "ice season"

was about to open this summer, an

announcement was suddenly made one

afternoon by the Pasadena Ice Com-

pany that the taking of the local head-

quarters was being maintained by the

Electric Company on its through Los

Angeles cable, the Pasadena Ice Com-

pany stated that it did not know why

the National had left the field, other

than that the profits were not good.

The National people never at-

tempted to make any explanation and

the former company strenuously de-

nied any consolidation or under-

standing between the two companies.

This explanation was accepted with

reservations, but it was not openly

denied.

Now comes the "secret" that the old

contracts of the National Ice Com-

pany are being rigidly respected by the

Pasadena Ice Company, whereas it is

believed that the latter company simply

paid the price to get the former com-

pany out, thus allowing it to proceed

to raise prices and have a monopoly of

the field. The complaint is not ema-

nating from the contract holders, but

from the old patrons of the Pasadena

Ice Company, who state they stood

"through thick and thin" with the

mother company, which did not itself

make any ice contracts, presumably

fearing they might melt when the

new rays became good and strong.

They state the company is "now kill-

ing the goose that laid the golden

egg" and overcharging its old and

faithful patrons as against those who

in time of trial, grew faint and went

with the interlopers.

A REAL ENCHANTMENT.

"Enchantment" was the name of one

of the cleverest productions ever

staged in this city. It was written,

staged and performed, last night by

the prima donna to the musical direc-

tor, by the graduating class of the

Pasadena High School and truthfully

might it be said that had the pro-

gramme not been headed "High School

Class Play" a stranger would have

taken the performance for a pro-

fessional production.

"Enchantment" as the word im-

plies, is a fairy play, a reproduction

of a valley where everyone is

enchanted and turned into butterflies

and beautifully colored insects. The

play was written by Miss Florence Wil-

son, a young authoress, native of

Pasadena, a graduate of the high

school, and a deserving of high

commendation.

It showed deep study with true

adaptation to the surroundings, with

here and there some slight reference

to happenings in the High School,

just enough to keep the audience in

a constant state of expectation for a

joke. It was almost entirely a musical

production, the music, stage decora-

tions, scenes and various dances were

all directed by Prof. Le Roy D. Ely,

principal of the High School.

There were two acts, preceded by a

prologue depicting a mountain scene

with a number of school boys garbed

in outlandish clothing found in a min-

ing camp. The first scene represented

a valley somewhere in the Rocky

Mountains where a party of Eng-

lish noblemen and noble women had

escaped during the reign of King

George III. On entering the valley

they all became bewitched or en-

chanted. One day each year the in-

habitants, butterflies and beetles, would

come back to natural life. And when

there was great joy and feasting.

The second scene was one of these

days of festivity.

Not only is Miss Willard a play-

wright but an actress as well. She

had the leading role of the queen

fairy. Her singing and dancing was

excellent. Miss Vere Grauert "Flit-

ter-flutter" was the principal singer.

Miss Louise George also had a

leading part as a soloist. Joe Thorn-

burg and Earle Thompson had lead-

ing parts. Thornburg sang several

songs in the second act and was

generously applauded.

NEWS BRIEFS.

The commencement exercises of the

Pasadena High School will be held

this evening, at the First Christian

Church, when ninety-six graduates will

receive their diplomas. The class is

the largest ever graduated in the High

School.

Justice McDonald has devised on a

new scheme to prevent boys from rid-

ing their bicycles on the sidewalks.

He will give immunity from fines and

imprisonment to all boys arrested for

violating the city ordinance if the boys,

who are arrested for the first time,

will promise to do good duty by

watching for other boys who violate

the law. Homer Levitt received such

an appointment yesterday morning

and started out "on his beat."

The public schools will wind up

their year's work today. Short exer-

cises will be held in most of the rooms

of the grammar schools. The Board

of Education has passed on the work

done during the year and states it

is the best ever done.

A hobo named William Bennett, ad-

dressed anywhere, yesterday, curled

himself into jail in Justice McDon-

ald's court yesterday morning. Ben-

nett had been picked up by Patrol-

man Nicoll for openly begging on the

streets. When brought before the

magistrate the hobo put on a long

and pathetic face and just about

won the court's heart by his tale of

sorrow, when the police officer inter-

posed a question which the hobo

did not like to answer. He said he

was a "blind pig" and had been

"in seven languages," including

the "blind pig" out of town, has called

on all citizens to help him run his po-

lice force and he had the kindness to

gather evidence, which the Chief says

he cannot get. Former heads of the

police department say they had no

trouble to "shoot" the "blind pig" out

and are wondering why the present

Chief intimates his inability to per-

form the work expected of him by

calling on outsiders for help.

An unofficial announcement has

been made that the Pasadena Ice Com-

pany and the American Bank and

Trust Company will effect a con-

solidation in the near future. It is

also stated that the Crown City Bank

will take over all of the banking busi-

ness of the two institutions, while the

American Bank and Trust Company will

handle the savings bank end.

The Board of Education yesterday

afternoon completed its arduous task

of hiring school teachers for next

year. In all, 249 were hired, including

teachers for the new Polytechnic

High School, which will be estab-

lished in the fall. The board also

because of the polytechnic end of

the schools, and also a number of new

rooms will be added. While it was

stated, some time ago, that many

changes would be made in the per-

sonnel of the teachers, yet when it

came to a vote, the board decided

to keep the old staff, with the ex-

ception of seeing a number of old school

teachers, who have devoted all their

life to the school, losing their posi-

## BIRTH OFFERED BEACH RESIDENT.

GEN. M. A. BREEDEN TENDERED PORTO RICAN JOB.

Former Attorney-General of Utah Was Expecting an Appointment to the Federal Bench, but Has Now Made Up His Mind to Take the Position.

OCEAN PARK, June 15.—M. A. Breeden, who yesterday received a telegram from Washington announcing that the President had decided to name him as Attorney-General of Porto Rico, with headquarters at San Juan, has decided to decline the offer.

The information came that he was surprised, as Breeden, who was formerly Attorney-General of Utah, was expecting to be appointed to a seat on the United States District Court bench in Panama. He has not decided to accept the proffered berth.

NEWS BRIEFS.

The appointment of Mrs. Ella Hartman as police matron has re-

ceived confirmation at the hands of the City Trustees.

The City Trustees have given in-

structions to the City Attorney to

prepare an ordinance reducing the

rate to be charged gas consumers.

The present price is \$1.10. The ordi-

nance as proposed will provide that

the public service corporation shall

not charge in excess of 90 cents.

WOMAN'S CLUB ELECTIONS.

Eagle Rock Organization Chooses Officers for the Coming Year—H-

name Animal League Is Formed.

EAGLE ROCK, June 15.—The

Woman's Twentieth Century Club has

elected the following officers for the

coming year: President, Mrs. Gladys

Edwards, first vice-president, Mrs.

Mary Richardson; second vice-presi-

dent, Mrs. Fred Williams; correspond-

ing secretary, Mrs. F. K. Schreier;

recording secretary, Mrs. E. A. Allen;

treasurer, Mrs. J. S. Pittman.

The treasurer's report showed a bal-

ance of \$1.10. The report also showed

that the club had been successful in

obtaining a new clubhouse on the

corner of Herndon and 15th streets.

The club has been successful in ob-

taining a new clubhouse on the cor-

ner of Herndon and 15th streets.

## UNDER PURITY SQUAD'S NOSE

WILEST OF VICE FLOURISHES.

District Attorney's Detectives Find Tenderloin in the

Heart of Central Police Division, With White Women

Slaves of Oriental Men, for Grand Jury Inquiry.

Many City Hall Calls Likely to Be Made.

T

HAT a Tenderloin consisting

of two houses, where white

women are slaves of Japanese

men—a place that rivalled in

vice the most despicable re-

ports of San Francisco's Barbary

Coast—has long been thriving in

the old red-light district, north of First

street, in open violation of the law,

and under the eyes of the Purity

Squad, was discovered yesterday by

detectives of the District Attorney's

office. This matter will be laid be-

fore the grand jury.

The district of vice is thoroughly

policed, and is in the heart of the

Central Police Division, yet the illicit

traffic has gone on for months un-

hampered. This startling information

is considered of little import com-

pared with the meshwork of details un-

covered by the investigators. The houses,

it is admitted by the police, have been

running in competition for the im-

moral oriental traffic, but the officers

have been unable to obtain evidence

to convict. Some of the proprietors

own the property they occupy.

COMMISSION WON'T HELP.

According to Police Sgt. Curtin, in

charge of the oriental district, where

the Tenderloin is located, the men of

his squad are all in uniform, and for

that reason are known to the habits

of the immoral resorts. These ha-

bitats usually are in the hands of

the officers a block away, and warn

the white slaves within.

According to Curtin the best he can

do under the circumstances is to re-

port to his superiors every place

within the confines of his district

that has the appearance of a den.

These reports are turned over to the

lieutenant on watch, and after being

read, O'Brien is given to the

Sergeant O'Brien of the First

## WEDDING AHEAD OF GUESTS.

Miss Waters Given Away as Bride

by Sick Father at His Bedside Be-

fore Ceremony in Clubhouse.

Imagine walking through an aisle

formed of beautiful flowers and choice

ferns in the presence of many hun-

dreds of guests gathered in response

to a daintily engraved note bidding

them to your wedding, knowing all

the time that you had been married

just one hour before at the bedside

of a fond father, just recovering from

a critical illness.

This was the unique experience of

Mr. and Mrs. Eli Perrin Fay, the lat-

ter formerly Miss Florence J. Wa-

ters, daughter of Hon. Russell J. Wa-

ters of No. 909 West Adams street.

The young bride-elect had planned a

smart wedding at the Elbell Club-

house and was to have been given

away by her father, but he became

sick and the family physician re-

solved to sanction the excitement of

so large a function.

Miss Waters, who is never at a loss

in the most strenuous of circum-

stances, decided to have two wed-

dings. The first was solemnized at

the family home and not even the

young attendants were present or

know of the plans. Miss Waters was

given in marriage by her father. The

ceremonies then arrived and with the

greatest of dignity the bride, in her

loving robes, entered. The attend-

ants were met at the Elbell Club and

the wedding march was played as the

party slowly walked to the beautiful

altar, where the Rev. Dr. Stanton

Hodgins gracefully explained the novel

situation.

At Last.

It became known yesterday that

the alleged purchase of several saloon

licenses will also come up for airing

before the grand jury. The District

Attorney's office were reticent con-

cerning this choice morsel. They

said that at present they will not

announce the name of the "fixer," but

admitted that he is an Italian and con-

ducts a really business here. It is

stated that he charged a certain

saloon-keeper \$250 for getting him a

license some time ago. The "fixer,"

## PROMOTER FALLS INTO THE NET.

Ferris Arrested as Head of

New Republic.

Scurries Around for Bail,

Winds Up Business.

Others to Follow Capture

of Reds Here.

A general effort, embracing the en-

tirety of the city, has been entered

into by the Federal authorities to ex-

terminate, root and branch, the Mex-

ican insurrecto crew which is alleged

to have been supplying their con-

fidence with men and arms during the

revolutionary movements below the

border.

This became evident yesterday

when it developed that other arrests

are to follow those of the Magon

brothers, Anselmo Figueroa and Lib-

rado Rivera, members of the local

Junta taken here Wednesday, and of

Dick Ferris, publicity promoter, ap-

prehended yesterday at San Diego.

One of the arrests will be at San

Francisco. The Federal authorities

refuse to state who the men are, but

it is believed to be the insurrecto

captain, Pryce, who was superseded

by Mosby in command of the guer-

illas who have harried the northern

provinces.

Another Mexican will be arrested

in the city. He is charged, like the

others, with conspiracy to hire and

retain persons in the United States

for the incineration of the men do

not all belong to the same faction.

FERRIS TAKEN INTO CUSTODY

Yesterday at San Diego by Deputy Unit-

ed States Marshal H. J. Place, and

was later released upon giving bond

for \$2500, which was arranged in

this city. He is charged, like the

others, with conspiracy to hire and

retain persons in the United States

## JURY FINDS HIM GUILTY.

Long Beach Man, Former Head of

New Cult, Convicted of Having Sold

Stock in Fake Company.

W. R. Price of Long Beach, who

has been on trial since Monday in

Judge McCormick's court, charged

with having obtained money under

false pretenses, was found guilty by

a jury which returned a verdict at

10:30 o'clock last night.

Price was tried on the same charge

about a year ago and the jury dis-

agreed. In the present suit, Mrs.

Mary J. Helms was the complaining

witness. She says that Price sold her

1000 shares of stock in the National

Gold Breeding Company for \$1000.

She charges that he told her that the

gold on the property was "like wheat

in the bin." She avers that she dis-

covered that there was no such com-

pany in existence.

Price gained considerable previous

notoriety as the head of a new cult at

Long Beach.

Great Seal.

## DEATH TAKES OFF

LATE OFFICIAL.

AN EX-MEMBER OF IMPORTANT

STATE BOARDS IS CALLED.

Kevane, California Pioneer and

Public Servant Under Two Ad-

ministrations, Succumbs in Alham-

bra After Having Combated

Disease for Many Years.

Daniel Kevane, a pioneer resident of

Los Angeles, and who served Califor-

nia both as a member of the State

Board of Examiners and the State

Bank Commission, died of tubercu-

losis in Alhambra yesterday. He was 63

years of age.

For years he had been combat-

ing the disease. His condition, how-

ever, grew steadily worse, and sev-

eral months ago he was prevailed upon

to leave Sacramento, where of recent

years he had made his home, and

come to live with his son and daugh-

ter-in-law, Mr. and Mrs. Daniel G. Ke-

vane, No. 124 North Daly street. The

change of climate did not bring about

the improvement which was looked

for, and a few weeks ago he decided

to move to Alhambra.

Despite his suffering he retained un-

## RESOURCES EXHAUSTED, UNIONITE LEADER GOES TO PENITENTIARY.

Charles F. Stevens,

## PUBLIC SERVICE: City Hall and Courts.

## SUMMARY OF THE DAY.

Citizens of Wilmington filed a request to the City Council to advertise a ferry franchise for sale. The proposed widening of Sixteenth street was sent back to the Council with the recommendation that the assessments be revised. Department clerks yesterday filed reports showing over \$2,000,000 collected for street improvements and sewers last year. Judge Monroe yesterday denied a divorce to Robert B. Davis, the baking powder magnate, from his wife, Jennie Davis, on the ground that he had no residence in California. Sentational charges were made yesterday in an action brought by Clara Stokes against Dr. H. T. Tillotson, a well-known physician. The contest of the will of Samuel W. Little, involving the disposition of an estate of \$200,000, was withdrawn in Judge Rives's court yesterday. Though long the custom of automobilists, one was arrested yesterday for driving his machine on the south side of Hollywood boulevard in "No Man's Land." A test case will be made.

## At the City Hall.

## READY NOW FOR PRIVATE FERRY.

## ALL WILMINGTON ASKS THAT CITY SELL FRANCHISE.

Satisfied Municipality Could Not Operate Without Loss—Widening of Sixteenth Street Delayed—Over Three Millions for Streets and Sewers—Eminent in the Throes.

The citizens of Wilmington, or, at least, a very large percentage of them, have decided that it is unreasonable to attempt to force the city, on account of a pre-nuptial promise, to operate a ferry between that seaport and San Pedro, at a loss. Yesterday a voluminous petition was filed with the City Clerk, praying that a franchise be advertised and besides this general petition is another from the Wilmington Chamber of Commerce.

At present, a ferry is being operated under a temporary permit between Wilmington and Terminal Island, but it is set forth that it is done at a loss and, in order that it may be made to pay expenses, they ask that a franchise be sold to the highest bidder.

Efforts have been made in the same direction heretofore, but there have always been protests, backed by the Harbor Commission, demanding that the promise made prior to annexation be redeemed. It was shown to be impracticable, and the petition now filed acquiesces in that position.

## SIXTEENTH STREET.

ASSESSMENTS TO BE REVISED. Another exhaustive hearing was held yesterday before the Streets and Boulevard Committee, concerning the proposed widening of Sixteenth street west of Normandie avenue through Rosebush cemetery to Pacific avenue. The original petitioners for the opening, dissatisfied with the assessment, are now among those assisting that the work be abandoned. In accordance with a plan of the committee, the matter will be sent back to the Board of Public Works for a readjustment of the assessment, though the protesters asserted that they would contest this for the coming year.

Considerable pleasantry resulted at the hearing, because Walter Mallard, City Assessor, raised his voice against being mulcted for \$135 for the proposed improvement. His standing record has been as a champion of assessments laid by the city.

## TIDELANDS PROBLEM.

## WANT TO BUILD ELEVATOR.

The Harbor Commission yesterday filed a communication to the City Council, recommending that the California and Oregon Grain & Milling Company be asked to apply for a wharf franchise at San Pedro and that the company be given a permit to build a \$250,000 grain elevator on the property of the city, part of which is the disputed tidelands. The matter came up through a communication from the milling company, which is in possession of a thirty year lease from the Southern Pacific Railway Company. The company, as a rental of \$600 a year, and asking that the city agree in event of gaining title to the land, to take over the lease.

## RAILWAY TRENSPASSES.

## ALEXANDRO STREET AGAIN.

A. I. Warren, secretary of the League of Justice, appeared before the Board of Public Works yesterday and commended that the Pacific Electric Railway was plowing up Alexandro street in Enderdale, without right, and that he asked the board to stop the work. In the construction of a retaining wall, between Baxter and Fargo streets, where there is a deep cut, the railway company began plowing dirt from the street to fill in against the wall. In response to the complaint of Warren, Inspector Humphreys went out and ordered the men to desist from taking ground from the street. It is the old, long-drawn-out fight between the railway and the city, as to which one is the owner of Alexandro street and the matter will probably be taken into court in the near future.

## STREET IMPROVEMENTS.

## ONE YEAR'S COST TO PEOPLE.

In response to requests from the Mayor, W. G. Schreiber, clerk for opening and widening of streets, and Frank Palomares, assessment clerk, yesterday made reports to the Board of Public Works, showing the amount of all assessments collected from the public for the year. Mr. Schreiber shows that for the year ending May 31, 1911, the opening and widening of streets cost the people \$1,527,588.40. Clerk Palomares shows that the assessments for sewers and street improvements, other than opening and widening, amounted to \$1,475,144.72, divided as follows: Assessments paid by bonds on property assessed, payable in ten annual installments, \$119,114.72; assessments paid in cash, \$35,401.81; Hamilton act, \$68,485.59; sewers, \$119,550.54; \$1,962; grand total, \$1,962,142.12.

## Excursion to San Francisco.

Account International Sunday-school Convention, San Francisco, California, June 14-15, 1911. Tickets on sale June 14, 11:00 a.m. Return limit July 21, 1911. Southern Pacific.

## At the Courthouse.

## LAW WAGS ALONG ON METRIC FEET.

## ATTORNEY SETS HIS CROSS COMPLAINT TO RHYME.

And It Isn't Very Good Rhyme, Either, but Judge Puts Official Seal of Approval on It and It's Admitted to Archives, Perhaps as an Example to Others.

It has been said that the high mark for literary effort in the promiscuous tones of the law has been already set, but Charles S. Burnell filed yesterday an affidavit for publication of numbers in metric verse that will stand even longer in the local Hall of Judicial Fame.

The document was filed in a cross complaint brought by Jennie Moraga against Florentine Moraga and Custodia Costa, to quiet title to a piece of property. The suit was originally brought by Custodia Costa against Jennie Moraga, et al., claiming that she owned the property in question. The affidavit prepared by Attorney Burnell and submitted to Judge Hutton and signed and approved by him is as follows:

Charles S. Burnell, being sworn this day, doth cross his heart, depose and say: that as attorney he doth appear for Jennie Moraga, defendant here; that on this day he made with care a search in the city record of office where a book is kept of substantial findings and blank inside, in which any one may record his name, and pay four bits for doing same; that he may there record his residence, that all may know the place from whence he goes each day to his daily toll in his auto, or treading the soil. Affiant searched said book with care, diligence and the aid of prayer, but the name of Moraga was not there, and so affiant doth now swear, defendant Florentine Moraga, he hath scorned eleven hundred and sixty-three of the civil code and the same's contents as to the certificate of residence; he never has obeyed the same, and so said book bears not his name. On the page of M's is not a blot, further affiant saith not."

## CHASE WILL.

## ESTATE GOES TO FAMILY.

The will of Horace W. Chase, former owner of the Nadeau Hotel, was filed for probate yesterday. It consisted of an estate valued at \$100,000, consisting of real estate in Los Angeles and Orange counties, \$40,000; mortgage notes, \$15,000; stocks, \$10,000; life insurance, \$15,000; and the lease of the Nadeau Hotel, \$10,000. To his former wife, Flora E. Chase, of Bangor, he bequeathed \$2000; to his son, Ernest W. Chase, of Los Angeles, all the interest of the testator's life insurance policy of \$5000; to his wife, Nellie E. Chase, \$1000; to his sister, Florence E. Chase, of Bangor, \$1000; to his grand-daughter, Arlene Chase, of Los Angeles, \$1000; to Robert J. Wilkinson, of the Nadeau Hotel, \$1000.

All the balance of the estate is left in the hands of a board of trustees, consisting of John M. York, who is to pay the wife \$600 a year during her life, the balance of the annual income to be divided among the children, Ernest W. Chase, his wife, Mabel K. Chase; their daughter, Arlene Chase; Arlene Chase's husband, E. Chase, and his wife, Nellie E. Chase. Afterward at the close of the trusteeship the property is to be equally divided among the list of beneficiaries who are to receive the trust.

## SUNDERED TIES.

## DIVORCE MILL GRINDS.

Clarence Cline was given an interlocutory decree of divorce from Ida K. Cline, yesterday, on the ground of adultery. The name of the respondent was J. Reed. Mrs. J. Taylor, who runs an Olive-street lodging-house, testified that she insisted upon getting the \$2 witness fee, and Judge Monroe ordered that amount per month until the termination of the suit.

## CONTEST DISMISSED.

## LITTLE ESTATE CASE.

The contest of the probate of the will of Samuel W. Little, instituted by Lewis P. Ferguson, by his guardian, A. P. Thompson, was dismissed in Judge Rives's court yesterday without prejudice. It is understood that the petitioner, a great-grandson of Little, has been liberally provided for, though the exact terms of the settlement are not known. Little died in this city January 30, leaving an estate valued at \$225,000, the annual income on which was \$40,000. In the will the great-grandson was not remembered, and the contest instituted in his behalf alleged that Little was not of sound and disposing memory at the time of signing the will, that he was under duress, etc. With the withdrawal of the contest, the instrument will now be admitted to probate. Several charitable institutions of Los Angeles will profit by carrying out its provisions.

## STRAIGHT TALK.

## DAVIS DIVORCE DENIED.

"People living in the East, upon whom the bonds of matrimony sit heavily must not think that they can come to California and secure a legal separation for some cause that would not secure their freedom in any other State. California is not a clearing-house for the divorce industry." So said Judge Monroe yesterday, in denying Robert B. Davis, millionaire baking powder king, a decree of divorce from Jennie W. Davis, on the allegation that he had been cruelly treated in that his wife had endeavored to have him confined on the charge that he was of unsound mind. The decree against Davis was on the ground of the lack of jurisdiction. In deciding the action the court took account of the fact that Davis never did come to California with the intention of making the State his permanent home. On account of advancing age and ill health he had sojourned at Akin, S. C., San Antonio, and other points before coming to California at all. Since his arrival here he had spent his time at the Hotel Green and Maryland, in Pasadena, and the Alexandria Hotel, in Los Angeles.

On sale Monday, June 19th, goods for \$5.00 each; going via Coast Line, returning via Santa Barbara, Panhandle, Coast Line, and at Merced (for Yosemite Valley) returning. See agents, Southern Pacific.

## The Inferior Courts.

## HERE CUSTOM IS NO LAWMAKER.

## AUTOISTS MUST DRIVE ON THE RIGHT SIDE.

That is Motorcyclists' Version but Police Judge May Decide Differently: Question Arises Over the Traffic Custom on Unpaved Portion of Boulevard; Court Investigates.

Though Hollywood boulevard between Camp Bennett and Rosetta is paved on only the south side, and it has been customary for automobilists to use the paved side going in both directions, Motorcyclists Harlan and Hickock yesterday arrested J. Desbecker and will make a test case of it. Desbecker was driving toward Hollywood when overtaken by the officers. They told him he was on the wrong side of the road, and he answered that according to custom he was driving on the only side paved.

He was taken to the Central Police Station, and later into Police Judge Rose's court. The latter heard the arguments of both sides, and then ordered a machine so that he could go over the ground personally. The portion of the road in question is the strip between the old Los Angeles city limits and the old limits of Hollywood. It is sometimes called "No Man's Land."

The county paved the south side of the road before it became included in the city limits. Judge Rose reserved his decision after returning from his investigation of the road, and he announced that he wished to lead in the north side of the road to have been dedicated to the city use. The north side is in bad condition.

## JUDGE UNCONVINCED.

## GRATITUDE NOT AVAILABLE.

E. Hartup, a teamster, wanted Police Judge Rose to understand yesterday afternoon that he held nothing against him, even if he had just fined him \$2 for not obeying a traffic officer. Judge Rose said he was too busy, however, to accept of the offered hospitality, and Hartup left the courtroom.

Hartup had not denied himself during the hours previous to his arrest, and when he refused to step into the courtroom for a hearing, he climbed up into the seat and told him to "Want to go there, do you, old fellow?" Hartup asked cordially, "Sure, I will go to you."

At the station, however, he was made to understand that he was the cause of the visit. He was taken into the courtroom for a hearing. He admitted that he hadn't paid attention to the signals because something kept bothering him in his head. "I will make the fine \$2," Judge Rose said. "As you have \$5 up far ball, you can collect \$2 from the clerk."

Hartup thanked Judge Rose profusely, and then stepped to the clerk's desk and gave him five dollars. He gazed at them for several minutes and then walked back to the judge.

"I just want to thank you again," he said. "If you will step around the corner I will buy a little drink." "Thank you, I am busy now," Judge Rose said.

## COURT SCENE IS LIVELY.

J. C. Spinks paid \$25 fine yesterday morning in Police Judge Rose's court for having exceeded the speed limit in his automobile.

Mrs. Grace Morton, charged with having practiced medicine irregularly, is on trial in Police Judge Chamberlain's court. Mrs. Morton was recently acquitted by a jury in a trial involving a similar case of evidence.

LAWYERS CLASH AND SHAKE FISTS AND WHIPS.

Denies of Sutter County Map.

After a stormy session extending over nearly two days, the case against A. L. Love of No. 1649 Orange street, charged with perjury in a suit against J. W. Johnson of Sutter county, was dismissed yesterday by Justice Summerfield.

Johnson, who can neither read nor write, did some work for Love last winter and was paid for back pay in excess of \$200. Love filed a counter-claim of \$6500, alleging that Johnson had contracted to buy his stable on Aliso street. The contract bore a mark, alleged by Love to be Johnson's, but disclaimed by the latter.

Johnson won the suit, while Love failed to get a judgment for his money, and was charged with perjury. More than twenty witnesses from Sutter county called by the defense, declared Johnson among other things to be the bully of the neighborhood, with a chip always on his shoulder and a wallop in either hand for the luckless whelp who tried to knock it off.

It was found that Johnson had signed the contract, but since it had no witnesses, the signature, merely a mark, would not hold. The hearing was enlivened by much clashing between Attorney McElvey and Deputy District Attorney Graham who shook their fists under each other's noses and each other to be silent during examination of the witnesses.

ARRAIGNMENT TODAY.

Unionists, Charged With Conspiracy in Attempt to Dynamite Hall of Records, Summoned to Plead.

This morning at 9:30 o'clock Bert H. Connors, A. B. Maple and F. Ira Bender, walking delegates of the Los Angeles labor unions, will appear before Judge Willis in the Superior Court to plead to indictments charging them with conspiracy in an attempt to dynamite the Hall of Records last September.

There was a report yesterday that Asst. Dist. Atty. Horton would ask Judge Willis to grant a continuance of the case until Monday, owing to the fact that the transcript of the testimony taken before the grand jury had not been prepared and therefore could not be delivered to the attorneys for the defense.

\$10 Round Trip to San Francisco.

On sale Monday, June 19th, goods for \$5.00 each; going via Coast Line, returning via Santa Barbara, Panhandle, Coast Line, and at Merced (for Yosemite Valley) returning. See agents, Southern Pacific.

TRIAL DRAGS ALONG.

Technical Arguments Mark Yesterday's Proceedings in Alleged Embezzling Lawyer's Case.

Long, technical arguments concerning the admissibility of certain testimony, which the defense is seeking to have put into the record, marked the continuation yesterday of the case of Attorney Fred H. Thompson, charged with accepting money stolen from the mail. This was a distinct disappointment to the crowd that filled the court, when the session opened, expecting Thompson to take the stand in his own behalf.

The testimony about which the war of legal phraseology centered was that of General Williams and L. J. Girvin. The former on the stand told of certain conversations Thompson had with him about the case, after the former had been arrested on a State warrant following his return from Reno.

Dist. Atty. McCormick maintained that to admit this evidence would allow any person accused of crime to fabricate a plausible excuse after the fact had been committed, knowing that he might be called upon to answer. Thus he would have a primed witness, whose testimony would be no better than hearsay.

Girvin had testified that Thompson had showed him a roll of \$2500, which he said he had received for defending Arizona Jack, accused of murder. McCormick branded this as hearsay evidence. Attorney Davis took exception to this, again attacking the motive behind the statements of Attorney, that of obtaining a pardon, and asserting that his testimony, upon which the prosecution so much depends, was far less reliable and relevant than that objected to.

Judge Wellborn took the matter under advisement. It was intimated that the testimony of Williams would be admitted. The court announced that it is ready to hear points on the construction of the indictment, in which there are four counts.

CHILD'S STRANGE MALADY.

Believed by Police Surgeons to Be Infantile Palsy—Epidemic in This Country Several Years Ago.

A case of what is believed to be infantile palsy came to the attention of the surgeons in the Receiving Hospital late yesterday afternoon, when Stanley Rash, the four-year-old son of Max Rash, No. 1023 Harvard boulevard, was taken to the hospital from his home. He had been unable to move since Tuesday.

Although he said it would require several days of observation to make certain, Dr. Zerrling thought yesterday afternoon that the affliction is the same that spread over the United States several years ago, leaving with the traffic officer's whistle. The epidemic late affected adults in their lower limbs, but was not usually fatal, although it generally resulted so in children.

"The boy was ordered taken to his home, and the services of a specialist advised. The boy as he lay on the operating table of the Receiving Hospital yesterday was unable to move his legs or give evidence of feeling pain when the bottoms of the feet were pricked with a needle.

He was conscious and able to raise up his legs a few inches, but he apparently did not recognize his father when the latter spoke to him.

FRAUD VERDICT SUSTAINED.

Higher Court on Appeal Confirms Judgment of Lower Tribunal in Case Involving Stock Transactions.

A decision of the United States District Court of Appeal handed down yesterday sustained Judge Wilbur in his decision in the case of W. T. Smith against W. C. Elderton, president of the Los Angeles Coalings Oil Syndicate, for recovery of \$1000, alleged to have been obtained fraudulently.

As developed in the Superior Court, the two men entered into an agreement to buy jointly 1000 shares of stock in the company. Smith maintained that Elderton said he could buy this at \$2 a share. According to the testimony, Elderton procured the assignments of a subscriber's rights and acquired 1000 shares at \$1 a share. He turned 500 shares over to Smith for \$1000.

Smith heard what had happened, tendered his stock to Elderton and began suit. Both Judge Wilbur and the Appellate Court held that Elderton was guilty of fraud.

LEAVES CHILD TO SUFFER.

Former Deputy Constable Charged With Abandonment and Under Law Must Work on Roads if Convicted.

John Johnson, a former deputy constable under Frank Cochran, is the first person in Los Angeles county to be charged with abandonment under the new law, which gives the court power upon conviction to order the defendant to work upon the public roads, the pay for his work to be given by the county to the child abandoned.

Mrs. Nora Johnson, his wife, complained to Deputy District Attorney Shannon yesterday afternoon that since Johnson was thrown out of his job by change in the Constable's office, he had not contributed anything toward the support of their 8-year-old child. She declared that she was in need of funds.

Johnson is believed to be in the city at present.

PETITIONS IN BANKRUPTCY.

Real Estate Man and Electrical Concern File Schedules of Liabilities in United States District Court.

Earl W. Peck, a Los Angeles real estate man, filed a petition in bankruptcy yesterday in the United States District Court, scheduling his liabilities at \$10,245, with assets of \$2650. A similar petition, introduced by the Johnston Electrical Company of San Diego, places the assets at \$11,841.14, and liabilities at \$12,367.48. A considerable part of the first amount is claimed to be exempt.

LAND DEAL ECHO.

G. H. Wadehall has brought suit in the Justice Court against Joseph H. Spiro and the First National Bank for the recovery of \$198.02, which he claims the defendants have failed to repay to him. The complaint recites that on September 8, 1910, Wadehall overpaid them by \$500 in a land deal, only a part of which they have restored.

CASE CONTINUED.

Justice Summerfield yesterday continued until this morning the hearing of O. McGinnis and Rufus Bellomy, accused of arson. Earl Rogers, attorney for the defense, has recovered from his recent illness and was in court, but a flock of witnesses in another case brought from Sutter county and maintained at public expense, had to be disposed.

TRIAL DRAGS ALONG.

Technical Arguments Mark Yesterday's Proceedings in Alleged Embezzling Lawyer's Case.

Long, technical arguments concerning the admissibility of certain testimony, which the defense is seeking to have put into the record, marked the continuation yesterday of the case of Attorney Fred H. Thompson, charged with accepting money stolen from the mail. This was a distinct disappointment to the crowd that filled the court, when the session opened, expecting Thompson to take the stand in his own behalf.

The testimony about which the war of legal phraseology centered was that of General Williams and L. J. Girvin. The former on the stand told of certain conversations Thompson had with him about the case, after the former had been arrested on a State warrant following his return from Reno.

Dist. Atty. McCormick maintained that to admit this evidence would allow any person accused of crime to fabricate a plausible excuse after the fact had been committed, knowing that he might be called upon to answer. Thus he would have a primed witness, whose testimony would be no better than hearsay.

Girvin had testified that Thompson had showed him a roll of \$2500, which he said he had received for defending Arizona Jack, accused of murder. McCormick branded this as hearsay evidence. Attorney Davis took exception to this, again attacking the motive behind the statements of Attorney, that of obtaining a pardon, and asserting that his testimony, upon which the prosecution so much depends, was far less reliable and relevant than that objected to.

Judge Wellborn took the matter under advisement. It was intimated that the testimony of Williams would be admitted. The court announced that it is ready to hear points on the construction of the indictment, in which there are four counts.

CHILD'S STRANGE MALADY.

Believed by Police Surgeons to Be Infantile Palsy—Epidemic in This Country Several Years Ago.

A case of what is believed to be infantile palsy came to the attention of the surgeons in the Receiving Hospital late yesterday afternoon, when Stanley Rash, the four-year-old son of Max Rash, No. 1023 Harvard boulevard, was taken to the hospital from his home. He had been unable to move since Tuesday.

Although he said it would require several days of observation to make certain, Dr. Zerrling thought yesterday afternoon that the affliction is the same that spread over the United States several years ago, leaving with the traffic officer's whistle. The epidemic late affected adults in their lower limbs, but was not usually fatal, although it generally resulted so in children.

"The boy was ordered taken to his home, and the services of a specialist advised. The boy as he lay on the operating table of the Receiving Hospital yesterday was unable to move his legs or give evidence of feeling pain when the bottoms of the feet were pricked with a needle.

He was conscious and able to raise up his legs a few inches, but he apparently did not recognize his father when the latter spoke to him.

FRAUD VERDICT SUSTAINED.

Higher Court on Appeal Confirms Judgment of Lower Tribunal in Case Involving Stock Transactions.

A decision of the United States District Court of Appeal handed down yesterday sustained Judge Wilbur in his decision in the case of W. T. Smith against W. C. Elderton, president of the Los Angeles Coalings Oil Syndicate, for recovery of \$1000, alleged to have been obtained fraudulently.

As developed in the Superior Court, the two men entered into an agreement to buy jointly 1000 shares of stock in the company. Smith maintained that Elderton said he could buy this at \$2 a share. According to the testimony, Elderton procured the assignments of a subscriber's rights and acquired 1000 shares at \$1 a share. He turned 500 shares over to Smith for \$1000.

Smith heard what had happened, tendered his stock to Elderton and began suit. Both Judge Wilbur and the Appellate Court held that Elderton was guilty of fraud.

LEAVES CHILD TO SUFFER.

Former Deputy Constable Charged With Abandonment and Under Law Must Work on Roads if Convicted.

John Johnson, a former deputy constable under Frank Cochran, is the first person in Los Angeles county to be charged with abandonment under the new law, which gives the court power upon conviction to order the defendant to work upon the public roads, the pay for his work to be given by the county to the child abandoned.

Mrs. Nora Johnson, his wife, complained to Deputy District Attorney Shannon yesterday afternoon that since Johnson was thrown out of his job by change in the Constable's office, he had not contributed anything toward the support of their 8-year-old child. She declared that she was in need of funds.

Johnson is believed to be in the city at present.

## Correctly Styled Summer Suits

What a relief it is to be able to secure a handsome, perfectly styled Suit—all ready to wear!

You can come in here, where there are thousands of desirable Suits to select from—all hung on racks, so that you can find something to please you without any wasting of time.

You can slip into the coat—which is all pressed, ready to put on—step up before a mirror, and get the effect—just how the Suit itself looks and how it becomes you.

Isn't this the modern—time-saving—the satisfactory way to buy your clothes? Why, of course it is.

Our Suits conform perfectly to the prevailing styles—and mighty comfortable, these new Summer models.

None of the old-time heavy padding—the stiff, rigid hair-cloth fronts—the "stuffed-up," hot garments of former years.

Clothes this year are easy and graceful—Coats with soft, rolling lapels—and COOL—so cool and satisfactory in wear!

Suits here from the best makers in America—priced at \$15, \$18, \$20, \$25, up to \$40.

Big assortments at every price, and sizes to fit Stout Men, Extra Tall Men—every kind of figure.

We'll be pleased to "show" you.

# DESMOND'S

Third and Spring Streets

### The Consensus of Opinion Among Los Angeles Clothing Buyers Is That No Store Equals Desmond's In Value Giving

Daily results prove it; we are breaking all former sales records; not by a hair's breadth, but by a big, highly gratifying margin. The clothing buyer who KNOWS what he wants, KNOWS he can find it here; the clothing buyer who seeks GREATER VALUE for his money realizes that he MUST purchase at Headquarters—DESMOND'S.

## Events in Local Society

Miss Gretta Tate.

whose engagement to Harry P. McKay was announced at a pretty party given by the bride-elect's parents, Wednesday evening.

**W**ALTER A. ROSENFELD, president of the Rock Island Club of Rock Island, and a well-known society man of that city, will be married Monday at Ocean Park to Miss Rita May Orendorff of Sauk Center, Minn. With her parents she has been passing several months in this city and the various beach resorts. For the past week Miss Orendorff has been the house guest of Mr. and Mrs. A. E. Hodgkinson of No. 610 South Bonnie Brae street, and a merry time has been enjoyed by the fair visitor. Mr. and Mrs. Rosenfeld will leave Monday evening for San Francisco, from which place they will sail for a tour of the world.

Mr. Rosenfeld is the son of the late Mrs. Julia Rosenfeld, in whose memory a hospital will be endowed by her children in Rock Island. There was contributed \$60.00 by W. A. Rosenfeld, C. D. Rosenfeld and Irene Rosenfeld Strauss, the two sons and daughter.

**Another Engagement.**—Mr. and Mrs. Albert K. Tate charmingly entertained with a party Wednesday evening in celebration of the birthday anniversary of their daughter, Miss Gretta. Hearts were played and at each place a double heart bearing small pictures of Miss Tate and Harry P. McKay told of the approaching wedding.

Guests who shared the pretty evening were: Miss Edith Johnson, Miss Ruth Baxter, Miss Hazel McClelland, Miss Hazel Johnson, Miss Mae McKay, Miss Margaret Widner, Miss Gladys Neyer, Miss Leona Keith, Mrs. W. M. Kinney, Mrs. Earl Brown, Mrs. Fred Royer, Mrs. Frank J. A. Robinson, Mrs. John Farr, Mrs. William McKay, Carl King, Earl Brown, Freeman Garber, Fred Royer, William McKay, Nelson Douglas, Jr., James Potts, Robert L. Alvies, Mr. Robinson, Dean Tate, Earl Meyers, Richard E. Tate and John Farr.

**Visiting Guests.**—Mr. and Mrs. William Robinson with their daughter of Knapp, Wis., are guests of Mr. and Mrs. George E. Farmer. They will leave this week for their home, going by way of San Francisco and Seattle.

**At the Belasco.**—A large theater party last evening at the Belasco was composed of associates of the Pacific Mutual Life Insurance Company, and their friends.

Miss Etta May Orendorff.

whose wedding to Walter A. Rosenfeld, president of the Rock Island Club of Rock Island, Ill., will be solemnized Monday at Ocean Park.

Miss Eva May Tibbot, daughter of Joseph B. Tibbot of Huntington Park, to John Strange McCarthy, son of Mrs. Joel H. Moorman of the same city. The bride wore a dainty affair of ivory white satin, with an overskirt of marquisette, trimmed in tulle lace and pearls. With this a long tulle veil was worn, a family heirloom, caught into a cup effect with lilies of the valley. A shower bouquet of the same flowers was carried, combined with pink baby's breath, Brunner roses and maiden hair fern, tied with white tulle.

Miss Ada Hope Tibbot, sister of the bride, was maid of honor. She was gowned in a white marquisette over pink mesh, trimmed in baby Irish crochet, and carried a shower bouquet of Cecile Brunner roses, tied with pink tulle. The three bridesmaids, Miss Ethel Davenport and Miss Mabel McIntyre of this city, and Miss Laura Swigart of Pasadena, were gowned alike in pink marquisette over pink mesh. They carried arm bouquets of white, sweet peas and maiden hair fern, tied with pink tulle. W. Ben Thompson of South Pasadena was best man. The ushers were: Leonard H. Ribbard of this city, Arthur H. Kemper, and Ralph S. T. Thompson of Huntington Park. The flower children, Winifred Barrett and J. Herbert Van Frank, Jr., were cousins of the bride. Before the ceremony Miss Louise Moorman, a sister of the groom, played "Sublime Sweet Evening Star" and "Tumblers." The officiating minister was Rev. T. C. Miller, a lifelong friend of the family.

At high noon, as the bride party approached the altar, the bride leaning on the arm of her father, Lohengrin's wedding march, was played. The service was read beneath a beautiful canopy of ferns and pink tulle, erected at the head of the aisle by Miss Frances St. John, an intimate friend of the bride, who had charge of the decorating. This was further enhanced with two large bouquets of pink hydrangeas, tied with fluffy bows of pink tulle on either end of the canopy, and ferns tied to each bow with pink tulle. Immediately following the ceremony a reception was held at the home of the bride's aunt, Mrs. William M. Tibbot, of No. 203 North Pacific boulevard, to relatives and intimate friends only. The bride's table was decked with lilies of the valley and Cecile Brunner roses and at the side a heart-shaped cake, with the initials of the young couple in white, completed the pretty arrangement. At the conclusion of a luncheon the young couple will leave for their honeymoon at the Hotel de Ville, Paris. There were 250 invitations issued to the wedding.

## Temple Final Rites.

"Good and Evil" will be the subject of Dr. Hecht's discourse at the temple this evening at 8 o'clock. Tomorrow morning at 10:30 he will give an expository talk on the current scripture lesson at 9:45 a.m. Tomorrow the last juvenile Sabbath service for the season will be held. On Sunday, next, at 10:30 a.m. the closing exercises of the religious school of Temple Final Rites will take place. At this occasion the sixth annual award of the Amelia Stern Gold Medal will be made, in accordance with the conditions of the founder of the medal. All are invited to attend the closing exercises. President Dr. Edelman will deliver an address.

## THE MASON &amp; HAMLIN PIANO

may be questioned, not in their sincerity, but surely for their lack of knowledge.

Every Mason & Hamlin Piano is sold in competition with instruments which have the past years been considered the same of piano perfection. Every buyer of a Mason & Hamlin Piano, and there are hundreds in and about Los Angeles, is an investigator, a lover of the truly artistic qualities found in far greater measure in the Mason & Hamlin than in any other piano.

All real knowledge is the result of investigation. Therefore, in the selection of your piano, make careful comparison of the Mason & Hamlin with other leading makes. Satisfy yourself that you are buying that which is best. Be governed by quality only. The Mason & Hamlin will tell its own story under your own fingers. A new sensation awaits you. Our Mason & Hamlin stock is complete in both Grands and Uprights. We cordially invite you to see and hear them.

Five to Fifteen Dollars.  
May we fit you—today?

**Newcomb's 531**  
CORSET SHOP

## Wholesale Millinery Stock Consigned

**S**AME OLD STORY—too much merchandise, and a backward season. Cash must be raised at once. It isn't a question of cost or value—the order is to sell, and sell quickly, be the loss what it may. The Lessee of the storeroom at 737 South Broadway states that his instructions are explicit—that the goods have simply got to go; and that he is making prices to move them. Many of the things are marked at 25 cents on the dollar. Everything is half price or less. The sale will be as its best today and tomorrow.

737 South Broadway

## Flowers at 25c

Nearly a thousand bunches of Flowers—of practically every known variety. And such Flowers—the finest linen, silk and velvet roses are included. Poppies and daffodils and daisies in wild profusion. Big luscious bunches and sprays, for a fraction of real worth. You can choose from the entire assortment at 25c—Flowers that would ordinarily bring 75c, \$1.00, \$1.50 and up to \$2.50. But hurry.

## Children's Hats For \$1.00

Children's Ready-to-wear Hats are here in endless variety. Girl's Poke Bonnet and Corday styles. Some of pressed straw braids—others of Milan and Japanese straws. The jauntiest effects your imagination can picture—all of them beautifully trimmed with velvet ribbon or deep bands and bows of satin taffeta. These hats are positively worth from \$2.25 to \$3.50 each. They are priced at \$1.00 for quick clearance.

## Trimmed Hats at \$1.95

Nearly two hundred hats in lot. The season's very latest styles are included. Many made hats—of straw and hair braids—exquisitely trimmed with fancy feathers, ribbons and ornaments. See them in the windows and on the sales counter. Hats that you'd expect to pay \$4.00, \$5.00 and up to \$6.50 for. Free and unrestricted choice in this lot while they last at \$1.95 each.

**BRAIDS at 35c** a bolt of 12 yards—worth from \$1.50 to \$3.50 a bolt. Yeddo, satin straw, horsehair and in a broad variety of styles and colorings. Right for Poke Bonnets. Wire frames for Poke Bonnets, 25c each—supplies 50c and 75c sorts.

737 South Broadway

**The Kaiser Glove**

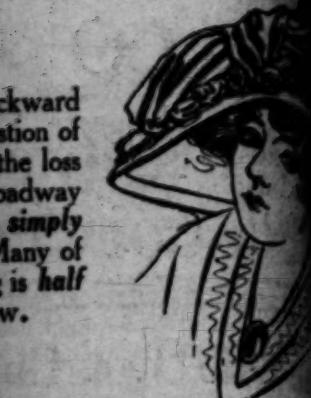

Many Women Think that all silk gloves are "Kaiser". The mistake is natural, because "Kaiser" are the original and best.

There's a Way to Tell the "Kaiser" from the "imitation". Look in the "ham" for the name. It means assurance of quality and a Guarantee That Guarantees a "new pair free" if the "Kaiser" before the gloves. "Kaiser" kind and are worth double.

Short Silk Gloves, 50c, 75c, \$1.00, \$1.25, \$1.50, \$1.75, \$2.00, \$2.25, \$2.50, \$2.75, \$3.00, \$3.25, \$3.50, \$3.75, \$4.00, \$4.25, \$4.50, \$4.75, \$5.00, \$5.25, \$5.50, \$5.75, \$6.00, Oakland	78	40	.33
Vernon	75	38	.37
Sacramento	73	34	.39
Los Angeles	76	29	.47

BY GARY OLIVER.

Portland, 7; Vernon, 3.

The Beavers yesterday spanked another heavier belonging to Hap Hogan and if the Champions keep this business up very much longer there will not be one of the Tiger fingers who will be able to sit up, much less to take any notice.

Raleigh was the one yesterday that got the hot "hooks" and he stuck it out simply because none of the other heavies were willing to take a good beating. Raleigh was maced for thirteen swats and three of these were bounced off the fence hard enough to be heard two blocks. This kind of stuff does not lose many games for the team that is kissing the ball off the boards in center field and this is why the Champions had such an easy time yesterday with the Tigers.

Roy Brashear got gay with the ump and not only lost \$2 for the hilarity, but was thrown on the bench in the fifth inning. He kicked over being called out on strikes and two minutes later was sitting on the bench wondering if he could raise enough turkeys this year to make up for that five.

Seaton did the flinging for the Champions and was there as usual. He was about as wild as John D. Rockefeller gets when he walks down the street and realizes that his hands are in his own pockets, but he was cold enough to keep the Tigers from becoming pestiferous at any time.

They did manage to scratch out a couple of runs in the fourth inning and one in the ninth, but these did not hurt and Seaton went along about his business with cold, whatever that is.

AN EARLY START.

Something began to drop in the first inning for the Beavers when Chadbourne drew a pass and ran to third on Hap's poke to right. Ryan grounded to Patterson and Krueger bounced the ball to Brashear, who tried to catch Chadbourne at the plate, but failed. With one out in the fourth Murray walked, Seaton hit to left and Chadbourne to center and when Hap Hogan made a wild throw to second base to catch a runner, the ball went into center field and as a result of these things two runs scored.

Two more came in the fifth on Krueger's single to right and his steal. Tom Sheehan's triple to right and a runner on base made the score a triple high on the center fence and Hap's infield single made the final pair of runs in the ninth.

Vernon could not touch Seaton until the fourth and in this Stinson got a pass. Brashear bounced a swift grounder off Hap's legs and McKune sacrificed. Burrell beat out an infield single and Hogan was thrown out on a bounce to Seaton, Brashear scoring on this.

In the ninth with all hope gone McDowell was put in to bat for Raleigh and singled and stole second. He got to third on Carlisle's sacrifice fly to right and scored on Kane's infield out.

The game was continually enlivened by the wrangling with the umpire. He made a number of decisions that didn't buy much with the fans and some of the players wanted to bite his ears off. In addition to throwing

(Continued on Second Page.)

## MAGGART LAID OFF

FOR INFRACTIONS.

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, June 15.—(Exclusive Dispatch.) Carl Maggart, the speedy Oakland outfielder, was indefinitely suspended by Manager Harry Wolverton for an infraction of the club rules. The action against Maggart, who is one of the best players in the league, was prompted by the player's refusal to turn out for morning practice and his general insubordinate conduct.

Though one of the most natural ball players in the league and a valuable man, Maggart is of such an obstinate nature that he is an exceedingly hard man to handle. At the beginning of this season Wolverton was afraid to suspend Maggart when the latter asked for his release, and he has had trouble with his star outfielder at different times since.

While Maggart is being disciplined, Hoffman will be switched over to the left field and Coy will be played in right. Maggart's absence naturally weakens the team somewhat but Wolverton is willing to sacrifice strength of his club to bring discipline and harmony in the ranks.

## FLORENCE SUTTON

AND MISS SEARS.

(Associated Press, Night Report.)  
PHILADELPHIA, June 15.—It will be East against West in the final round of singles tomorrow in the Women's National championship lawn tennis tournament as a result of today's play at the Philadelphia Cricket Club.

The representatives of the rival sections will be Miss Eleanor Sears of Boston and Miss Florence Sutton of Los Angeles.

In the semi-finals today Miss Sears defeated Mrs. G. Warren and Miss Sutton won from Miss Adelaide Browning of New York.

From Afar.

## CRACK GYMNASTS

TO GATHER HERE.

COAST TURNVEREINS TO HOLD CONTESTS NEXT WEEK.

Ten Organizations, including those of Seattle, Portland and Denver, will be represented in Turnfest that promises to be the greatest ever held in the West.

The most skillful German athletes in the Pacific Coast States are to gather here next week to participate in gymnastic and drill competitions to be conducted under the auspices of the Turnvereins Germania. Beginning Friday and ending the following Monday, the sixth turnfest of the Pacific circuit is to be held, and the local turnverein is preparing to make the convalesce the greatest of its kind ever held on the Coast. The Pacific circuit turnfest is a quadrangular affair, and the gathering next week will be the first that has been held here since 1884.

In connection with the turnfest will be held a menagerie. Clubs of well trained singers, representing the various turnvereins on the Coast will compete.

Dr. Karl F. Ross, physical director of the Germania Turnverein, is arranging for the athletic competitions that are to be the feature of the convalesce. Ten turnvereins already expected that at least four more will come here to participate. The local team will include twenty-two gymnasts, San Francisco, fourteen; Mission of San Francisco, twelve; Elmhurst, nine; Portland, fourteen; Seattle, twelve, and Sacramento, San Diego and Denver turnvereins will be represented by teams including from ten to fifteen men. San Diego and Portland, as well as the local organization, will be represented by ladies' teams, which will participate in various drills. Boys' and girls' teams are being trained by Dr. Ross to give exhibition drills in light gymnastic work.

The gymnastic tournament and exhibition drills are to be held at Fiesta Park, one week from Sunday. The competitions are to begin at 8 o'clock and will continue throughout the day. Members of teams will compete for individual prizes, as well as for the trophies offered for the best team work. In the morning, the exercises on gymnastic apparatus will be held. The afternoon program will consist largely of original competitive drills by the teams. Cane drills, artistic dancing by the women, and dumb-bell exercises by the older men and children will be featured among the events that are scheduled.

The turnfest is formally to open Friday night, June 22, at Turner Hall, when a reception in honor of the visitors will be held by Germania Turnverein. Prize singing and literary exercises are to follow the reception.

Saturday morning practice field events and gymnastic exercises will be held at Fiesta Park. At the Audi-

## SAN DIEGO AUTO ROAD RECORD

SMASHED BY FAST BUICK THIRTY.

FRANK HOWARD, driving the Buick thirty-horse-power speedster, smashed the Los Angeles-San Diego automobile road record yesterday and sent the Buick to the southern city in 3 hours 29 minutes. This set a new record for any Buick which may or may not have existed. The claim of the Cadillac that the ran was made, unofficially, in 4 hours 16 minutes is useless now that a new record is hung up that is really worth while.

This fast time was made over the same course which the Cadillac thirty took on its fast run to Phoenix. The roads are new in excellent shape and when the Buick shot into San Diego it was also damaged slightly, perhaps clipped from the mark of the Cadillac the triumph was supreme.

After Adair made his fast run to the southern city there was enough excitement on auto row to choke a cat. The record of the Kiesel Kar, 4-hours 16 minutes, was smashed, according to Adair, and the record was also damaged slightly, perhaps. At any rate, there was a question, and Frank Howard arose to take full notice.

Big Event.

## FOUR SCORE GOLF TEAMS TO PLAY

FOR TOM MORRIS TROPHY TODAY

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 15.—(Exclusive Dispatch.) With more than a dozen clubs added to the list today, it now appears that there will be seventy-five or more teams in the annual competition against par for the Tom Morris memorial trophy tomorrow. This is a better entry list than has ever been shown in this or any other event before, as it means there will be 600 or more golfers playing in the same event, eight men to each team and each team playing on its own course. It is expected that the number will be slightly increased by mail entries tomorrow, all being acceptable which were mailed on or before June 14.

The trophy was donated three years ago by Peter Dawson of Glasgow, Scotland, and is a tribute to Tom Morris, probably the best known figure in the golf world today. Morris was born June 16, 1821, and died in May, 1908, and about seventy-five of his eighty-five years were spent on the golf links. He held the open British championship on several different occasions.

Among the clubs which sent in entries today was the Oakland of Pittsburgh, which won the trophy last year after the Los Angeles Country Club had been disqualified for having failed to enter one of the players which made up its team. Oakland will have on its team today W. C. F. Fowkes, Jr., national amateur champion, Eben M. Byers, former national champion and other golfers well known all over the country.

The Chicago club which has announced their intention of competing tomorrow Saturday night, an exhibition of physical culture, drills and choruses by the united singing societies are to be staged. A ball is to be held at Turner Hall Sunday night, at which prizes will be awarded to the winners of the competitions held at Fiesta Park that day. An excursion to the mountains will be held Monday and Monday night the turnfest will conclude with an entertainment at the local turnverein gymnasium.

"PING" GETTING FAMOUS.

A Chicago firm has named a cigar "The Ponce Buster," in honor of "Ping" Bodie, of the White Sox.

## SOMERS PLANS TO

EDUCATE JACKSON.

(Associated Press, Night Report.)  
MEMPHIS (Tenn.) June 15.—The Cleveland American League Baseball Club will educate Jop Jackson, the outfielder recruited from the New Orleans team of the Southern League.

President Somers of the Cleveland club has notified Memphis relatives of Jackson that he will put Jackson in college at the close of the American league season in October.

President Somers considers Jackson one of the greatest ball players in the game and thinks the mental training he will receive in college will make him more valuable to the team.

Twelve Each.

## BET THOUSANDS

ON GREAT RACE.

EVENT POSTPONED BECAUSE OF

SHOOR IN COURSE.

(BY DIRECT WIRE TO THE TIMES.)  
SAN DIEGO, June 15.—(Exclusive Dispatch.) Another chance to wager money on the South Dakota-California boat race was given yesterday morning when the contesting crews were sent back to their ships on account of the course being improperly laid out. Both crews were at the starting line on time.

However, the race was postponed until 8 o'clock Friday morning on account of the stake boats marking the finish line being anchored so that the finish could not be seen from the starting line. Almost \$25,000 has been wagered on the result.

Tomorrow morning the finish line will be shifted to the north, so that it can be seen from the start and the race will be pulled off as was arranged today. It is expected that several large sums will be bet before the race tomorrow morning.

The South Dakota continues to rule favorite, and about \$7000 which allots of that ship desired to wager, was returned yesterday on account of not being covered.

The large crowds which assembled along the water front were disappointed today when it was announced that the event had been postponed. The rival crews are as follows: South Dakota: Coxswain, Walter; Thompson, Jackson, Chiles, Lemmon, Steen, Fugard, Larson, Platts, Whittenberger, Payne, Gerard, Miller, California: Coxswain, Conroy; Lightner, Cashman, Averbach, Starbaum, Holzman, Richardson, Walter, Moran, Stinson, Hewitt, Fuller, Crane.

## LOCAL CLUBS READY.

LOS ANGELES TEAM STRONG.

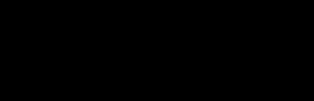

The Los Angeles Country Club and Annandale Golf Club are among those who are to contest for the Morris trophy. The Los Angeles Club will be represented by William Frederickson, N. F. Wilshire, L. T. Bradford, W. R. Millar, G. H. Schneider, J. W. Wilson, J. A. Jerve and Norman Macbeth. Jerve said yesterday that he believed the team would be able to make a mark nearer to par than it did last year, as the players have been doing well in practice.

Par for the country club course is 74. Last year, the team finished thirty-four down on par and made the best score that was registered. Two or three members of the team are expected to finish up or even with par, which will leave a good margin for the others, as the average may be four down on par and yet the team score only would be thirty-two down.

## COBB ABANDONS BUNTING.

The lively ball has stopped Ty Cobb from bunting to the infielders and beating the ball to first. The ball is so much livelier than the old one that it gets to the infielders too quickly for even the speedy Ty to beat it out. Ty used to average forty hits a season on bunts. He has bunted only a couple of times this season.

"I haven't even tried to bunt and beat the ball to first, because I don't believe I could," said Ty. "I may try it if I should have a slump in hitting, but what's the use of bunting when I'm hitting the ball?"

ment kitchen for trying out the va-  
rious new kinds of cooking—the fire-  
less, the various kinds of gas ranges  
and inventions for economy and the  
new electric appliances and methods  
of using denatured alcohol. She fitted  
up a summer kitchen at her own home  
and was forthwith overwhelmed with  
attendants upon the experiments. Oth-  
ers have taken up the plan and there  
this fair to be a chain of experimental  
stations extending across the contin-  
ent. Nearly every woman wants to  
know how to cook most economically  
and most efficiently; but not all know  
exactly how to go about it to learn.

Fashionable Knots Approval.  
Of the finger-tipped, intricate feath-  
er of hands is millinery. Small flowers  
are used, and harmonious contrasts in  
color are the rule.

Quaint effects seem to be the de-  
sideratum of the house in millinery as  
well as in dresses and coats. In fact,  
there is a distinct return or rather  
trend toward old-time fashions in  
every line of dress, though in millinery  
it is more distinct than in gowns.  
Little crocheted flowers, butterflies  
and discs are now added to fabric.  
They are of wool in some of the new-  
est creations, and are embellished by  
hand work in outline stitches for the  
stems. This decoration is particularly  
effective on meshes and girdles of dark  
velvet.

One of the favorite accessories of  
the moment is composed of a wide  
band of velvet, black, blue or of a  
shade that will harmonize with the  
suit. The band fastening in the back  
under a flat bow is surrounded on the  
lower edge by a double ruffle of  
plaid tulle which lies absolutely flat.  
There are few changes in legs,  
and all are still made after the one  
model, the slim bag. They are so  
heavily decorated with metals as al-  
most entirely to hide the foundation of  
sweaters or chamois. The flaps fasten  
with simple patent catches or with  
costly buttons set with emeralds or rub-  
ies.

MRS. HAFNER AT BARKER'S.

About six hundred women are  
present at first lecture in new  
building.

It was, perhaps, in honor of her  
first appearance before an audience  
the Angel City, that Mrs. Bertha  
Hafner selected angel cake  
to demonstrate yesterday, in the new  
addition to Barker Brothers furniture  
establishment.

C. E. Barker of the firm made an  
appropriate speech, introducing the  
domestic science lecturer, and when  
the lady appeared in the pretty set-  
ting of the model kitchen which was  
arranged upon the platform, there  
was a rustle of interest and atten-  
tion among the six hundred or more  
ladies who had assembled to hear new  
ways of doing the usual household  
things as well as new things to do.

One of the first statements made  
by the lecturer was that she had found  
in California the first place which she  
truly wished to call "home," and next  
came the assertion that it was her  
intention to stay upon the platform  
throughout her demonstration, as none  
but California products, so far as this  
was possible.

After a brief dissertation upon the  
subjects of cakes in general and  
angel cake in particular, the actual  
work of making the cake in full  
view of the audience was commenced.  
The lecturer talked as she worked  
and related incidents of her varied  
career and kept the ladies at good-  
humored attention throughout the  
hour.

Mrs. Hafner, who has taught do-  
mestic science in many of the larger  
cities of the United States, has been  
doing things and these she explained.  
For instance, in making an angel  
cake, she does not use a certain num-  
ber of eggs, but measures the whites  
of the eggs, using enough to make  
eight-ounce measure, to the quantity  
of flour which fills a measure of that  
size. This is done in view of the  
fact that eggs vary greatly in size.

The first move in the making of this  
cake is to sift three and one-half  
ounces of flour three times, or until  
it will fill an eight-ounce measure.  
Together with the white of eggs,  
addition of the French laundry of San  
Francisco.

Fourth cups of sugar and one and  
one-half cups of flour and one-half  
cup of almond extract, the cake  
forms the ingredients of the cake,  
the manner of beating and baking  
more than does any other cake.

On Friday, today, was the ap-  
propriate subject chosen for the  
lecture.

On Saturday, the first of the lunch  
charity, will take place in connection  
with the lecture. This will be served  
by the Young Woman's Missionary  
Society of the First M. E. Church. The  
lunch will be made for the privilege  
of tasting the flannels, and the pro-  
ceeds used by the organization serv-  
ing the cause. Each day,  
club will have this privilege.

judging by the audience on the  
first day, great crowds may be ex-  
pected in attendance when the Lec-  
turer ladies fully realize what an  
entertaining and instructive afternoon  
Barker Brothers have pro-  
vided for their free entertainment.

FUNNING COMERS CATCH.

Others Dorsey and Anderson took  
four speeders before Justice Sumner  
field yesterday, who were fined thirty  
dollars, \$10; H. Adams, \$10; W.  
McKee, \$10 and H. S. Moore, \$10.

The speed policemen have been chang-  
ing their beats frequently of late, and  
of many motorists who fancied them-  
selves secure.

# PERSONAL.

Dr. C. F. Kuhn and wife arrived at the Alexandria yesterday from Alaska. They are here to attend the A.M.A. convention.

J. Jebson, a San Francisco steamship official, is passing a few days at the Van Nuys.

P. E. Beam of the Pennsylvania Rubber Company, is registered at the Lankershim from San Francisco.

W. J. Gosham, president of the Gosham Rubber Company, is an arrival at the Hayward from San Francisco.

Mr. and Mrs. D. C. Heger are occupying a suite at the Alexandria. Heger is a San Francisco shirt and underwear manufacturer.

G. M. Haten and wife are staying at the Westminster. Haten is a real estate dealer of Phoenix.

F. E. Olmstead is registered at the Hayward from Washington. He is connected with the forest service.

C. W. Dodge, who has oil interests near Taft is passing a few days at the Westminster.

H. C. Piculiet, western agent for the Baltimore and Ohio Railroad, is registered at the Angelus from San Francisco.

J. Lamanet and wife are staying at the Westminster. Lamanet is proprietor of the French laundry of San Francisco.

W. J. Talbot, secretary of the San Francisco branch of the White Rate of America, is a guest at the Angelus.

C. E. Peacock, manager of the District Line Telephone Company of San Francisco, is at the Lankershim.

W. H. Clark, who has mining properties near Caliente, Nev., is a guest at the Hollenbeck.

Mr. and Mrs. H. S. King are occupying a suite at the Van Nuys. King is president of the Bank of California, located in San Francisco.

W. A. Otis, a manufacturer of motor boats and other vessels, is a Seattle guest at the Angelus.

W. H. Stanley, Indian Agent at San Jacinto, is at the Hollenbeck while in the city attending Federal Court as plaintiff in several cases.

Mr. and Mrs. Andrew Gray are occupying apartments at the Hayward. Gray is a retired land operator of Victoria.

L. W. Warrick of Donaldville, La., is a guest at the Alexandria. He is an insurance agent.

Paul C. Hanish, a London musical composer, is passing a few days at the Hayward.

Mrs. Cole, wife of David Cole, general manager of the Ray Consolidated Mines, with two children, arrived from Phoenix yesterday, and has apartments at the Cambria Union.

Mr. and Mrs. R. G. Blossom are occupying apartments at the Angelus. Blossom is an attorney of Corpus Christi, Tex.

Donald Findley, a mining engineer of Colorado, this State, is at the Van Nuys with friends.

J. H. Hoffman, superintendent of the Denver and Rio Grande Railroad shops at Pueblo, Colo., is a guest at the Hollenbeck.

Mr. and Mrs. Emann Bach are spending a few days at the Alexandria. They are here from Mexico City to visit friends.

E. W. McLeod, general agent for the Gulf Division of the Santa Fe, is registered at the Hayward from Galveston.

H. C. Dodge, head of the Western Belting and Hose Company of San Francisco, is at the Alexandria. G. C. Mayer, a wholesale liquor dealer of the same city, is with him.

W. R. Quinn, of one of the Denver banks, is at the Hollenbeck. J. B. Wright, a mining man of Tucson, is a guest at the same place.

George F. Lyon and Walter E. Hoag, accompanied by their wives, form a San Francisco party at the Alexandria. They are connected in the Lyon & Hoag Real Estate Company.

NOTABLE LEASE MADE.

Reinforced Concrete Apartment Building. Now Being Erected, Leased for Goodly Amount.

The Fred E. Engstrom apartment building in course of construction on West Fifth street, between Grand avenue and Hope street, was yesterday leased to Mrs. Cora Weston for a period of ten years, for a yearly rental of \$24,000, or a total for the entire term of \$240,000.

The new building, which will be six stories and basement, will contain 240 rooms, arranged in suites of two, three and more rooms, each with private bath. It will be absolutely fireproof in construction, and when completed will be one of the finest in the city, its cost being estimated at \$185,000. Mr. Engstrom, who is also a builder, is sparing no expense in making this structure thoroughly complete in its every arrangement.

Mrs. Weston, the lessee, states that she will furnish the new building with the very best furniture obtainable.

The deal was negotiated by Creighton Smith.

# Panama Sugar Lands

Recently we arranged for the sale of 10,000 acres of Panama Government lands with a representative of an American colony which is to be established at Agua Dulce, Province of Cocle, one of the best sugar districts in Panama, where sugar cane is to be raised on a large scale.

Agua Dulce is an ideal location from every point of view, as it is directly on the line of the new railroad and has a fine harbor. It is only about 100 miles from the Western entrance to the Canal.

We are now negotiating with a company for the purchase of a much larger tract in the same locality, which is also to be put into sugar cane, and there is every reason to believe that Agua Dulce is destined to become a large town, particularly as the Panama Government has recently announced the waiving of all duties on sugar machinery for three years, which should act as a decided stimulus to the industry.

There is little doubt but that by the time the Canal is opened much of the land in this vicinity will be worth from \$300 to \$1000 per acre, yet for those who can act quickly we can still obtain a limited amount of the finest land, particularly adapted for the growing of sugar cane and bananas, and adjoining the American colony, on the same terms as paid by them, \$2.50 down and \$2.50 in four years, with no taxes or interest to pay until one year after the completion of title.

It is probable that within a year the railroad will be completed to Agua Dulce, but by that time all the Government lands near the town and harbor will have been taken up, and the time to acquire same is NOW.

We would advise an immediate call at this office, where we can show you just what lands can be acquired, as well as the location of same in connection with the railroad and harbor.

We regard these lands as the best real estate purchase in the whole world today.

## Battle Stories of The Civil War.

Day by Day Fifty Years Ago

LXXII.

A Federal Force Entered Virginia Near  
Ferry After the Evacuation of This Point by  
Confederate Troops—Gen. Patterson's Plans and  
Results.

Eleventh Indian regiment, was threat-  
ened there.  
These plans, however, were shat-  
tered by an order, which came from  
Gen. Scott for the return to Wash-  
ington of the regulars and the Rhode  
Island troops.  
In Gen. Scott's opinion a movement  
which would drive the Confederates  
from Winchester back to Manassas  
and Union with Gen. Beauregard's  
army would be ill-advised. The best  
troops, he insisted, were urgently  
needed about Washington; Gen. Pat-  
terson was strong enough without  
them.  
Gen. Patterson, however, did not  
agree with him. The withdrawal of  
these troops would leave him without  
a single piece of artillery and with  
but one company of cavalry, while his  
infantry force, although considerable  
in numbers, was composed wholly of  
raw volunteers.  
"Our volunteers," his adjutant-gen-  
eral had written, "are as green as  
green can be. Marching is their forte,  
if they have a drum or a band. They  
cannot form a square, yet they  
think themselves perfect."  
Indeed, even marching, in the hot  
June sun had proved too much for  
them, and they had fainted and fall-  
en out by scores along the road.  
Overestimating his opponent's  
strength in quality as in quantity, and  
persuaded that he could not hold his  
position in Virginia, Gen. Patterson  
felt obliged to order his troops back  
across the river to Williamsport and  
leave Harper's Ferry unoccupied.  
Harper's Ferry evacuated.

As Gen. Johnston seemed formid-  
able to Gen. Patterson, so was he  
formidable to Gen. Johnston, who on  
May 21 took command of the Con-  
federate force at Harper's Ferry, suc-  
ceeding Col. Thomas J. ("Stonewall")  
Jackson.  
Gen. Johnston was fully informed  
of the concentration at Chambers-  
burg, and one of his cavalry captains  
had even visited the camps there in  
the guise of a farmer. He estimated  
the troops there at 18,000, and be-  
lieved that the odds were too great  
for him to contend against success-  
fully.  
His own force was about 7,000, of  
which about half were Virginia reg-  
iments, men from the Shenandoah  
Valley and the mountains west of it.  
Gen. Jackson had given them good  
drilling, but they were poorly armed  
and equipped and supplied with  
hardly ammunition enough for a  
single battle. Nearly two-thirds of  
them, it was estimated, were on the  
left flank.

Harper's Ferry, moreover, Gen.  
Johnston considered, was not in fact  
the strong position generally sup-  
posed. Occupation by an enemy of  
the heights which rose on all sides  
of it would render it untenable, and  
the rivers were readily fordable in  
various places.  
With a view to guarding the valley  
of the Virginia and preventing Gen.  
Patterson and McClellan from uniting  
and crossing the mountains, its oc-  
cupation was of little value, since a  
force which crossed the Potomac at  
Williamsport could reach Martinsburg  
and Winchester without interference  
and have Harper's Ferry cut off.  
When Gen. Lee urged the impor-  
tance of retaining Harper's Ferry on  
account of the effect on Maryland,  
and argued that its abandonment  
would be depressing to the Confed-  
erate cause, Gen. Johnston asked if it  
would not be much more depressing  
to lose 6,000 men.

Finally at sunrise on June 12 came  
word of a Federal force in Romney,  
forty-three miles west of Winchester.  
This was Col. Wallace's raiding party,  
but Gen. Johnston believed it the van-  
guard of McClellan's army, and that  
some day began to fall back on Win-  
chester.  
The remaining machinery was  
taken out of the arsenal and the ar-  
senal stores and the soldiers' bag-  
gage—for at that time Virginia pri-  
vates scorned haversacks and went  
to the front with trunk or valise—  
were sent up the valley.  
The bridges were then burned, the  
public buildings destroyed and on

A pen-and-ink sketch of Kiltie's band and regiment, now touring the United States. Note how the "newies" have caught the military swing of the bagpipers' stirring march. And how the two Americans, dressed in Hart Schaffner & Marx American clothes, have thrown their shoulders back in a true American way.

**THE Highlander** always commands attention and stirs a thrill of pleasure and patriotism whenever he marches by. Not so much the man himself, perhaps, but his Scotch costume and what the Highlander has gone down in history as being for his country.

—a Highlander lives for his country before his life, his wife, his home. He never hesitates, nor is he ever afraid of being afraid to die for his green hills.

And you will also find in our own U.S.A. that tho they do not wear uniforms, the country's bravest men—in every walk of life—are in Hart Schaffner & Marx honest, Yankee, American clothes—1,500,000 professional, business and college men—artists and men of leisure.

And every Hart Schaffner & Marx dressed man commands attention, a lasting, favorable attention wherever you meet him.

—are you one? If not, you are not doing justice to your appearance, your pocketbook, or to the "duty of appearance" you owe to the community and to your friends.

## Consult Me

**Free**

Mr. Shalens will be glad to tell you your ailment, its cause and cure.

**The Leading Specialist**

I HAVE SAUCE INDUBITABLE evidence to lay before you that no thinking person will doubt my ability to overcome any disease of the body that has been the hope of human aid. I speak not only of acute ailments, but of all diseases, arising from nervous troubles, overwork, dissipation. Many of our people have attributed their failure in life to misfortune or lack of opportunity. But I have found in treatment vigorous and ambitious, equipped and able to fight their battle and win success in the world. Perhaps you are suffering from weakness. I will supply the strength, energy and power and energy necessary to success. I do this by no occult powers, but by the healthy condition the various organs of the body and restoring to the system the vital, rich blood, the nerve energy which is lacking.

Mr. Shalens is a free, wholehearted as it is

powerful. It is as permanent as it is curative.

I make no charge for consultation. If you are cured, you are cured. You are welcome to my best thought and advice.

**YOU CAN PAY AS AHEAD WHEN BENEFITTED OR WHEN CURED.**

WHAT! HAD I BETTER BE AWARE OF MY AFFECTION CAN I OFFER THAT I AM WILLING TO WAIT FOR MY FEE UNTIL I RECEIVE CURE? COULD I ASKED TO MAKE SUCH AN OFFER IF I HAD NOT A HUNDRED PROOFS OF MY CURE? EVERY CAN I ASKED? AND I DO CURE EVERY CASE OF ALL THE AFFECTIONS OF THE GENITIVES AS A SPECIALIST I HAVE NEVER FAILED TO CURE ANY OF MY PATIENTS. MY AVAILABLE SPACE JUSTLY ENTITLES ME TO THE TITLE OF LEADER.

I will gladly give my advice FREE TO THE AFFLICTED. I WILL NOT CHARGE MY PATIENTS OR NOT. COME IN FOR A PRIVATE CALL AND I WILL BE GLAD TO GIVE YOU MY ADVICE. THERE ARE THOSE IN WHICH TREATMENT WAS TOO LONG AND THE PATIENTS WERE TOO WEAK TO WITHSTAND SELF-EXAMINATION BLANK.

"I was taken with the itch in April, 1904, and used most everything. I had a Friend pay me a visit from Connecticut, and she advised me to use Cuticura Remedial which I did. The cure was certainly quick and I use them to this day. I had it terribly under my eyes. I only have one part of Psoriasis, but am free of Cuticura Ointment, and I use the Cuticura Soap at the time. I hope this will benefit others. I am Mrs. L. A. Smith, 1371 South St. and others could do nothing for me." (Signed)

A black and white portrait of a woman with dark, curly hair, wearing a high-collared dress. She is looking slightly to the left of the camera with a neutral expression. The portrait is framed within the text of the advertisement.[illegible]

The highest point of woman's happiness is reached only through a motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal which she must undergo, suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of such efficacy that it is almost infallible. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved in the process, to prepare the system for the crisis, and supply relief, in great part, the suffering through which the mother usually passes. The regular use of Mother's Friend will remove all the causes of the discomfort it affords before, and the helpful restoration to health and strength
